September 30, 2025

Honorable Mayor and City Council  
City of Cañon City, Colorado

The Finance Department of the City of Cañon City is pleased to submit this Annual Comprehensive Financial Report for the City of Cañon City, Colorado (the “City”), for the year ended December 31, 2024, as required by local ordinance, the City Charter, and Colorado State statutes. These ordinances and statutes require that the City issue an annual report regarding its financial position and activity and that an independent firm of certified public accountants audit this report. This financial reporting entity addresses all funds of the City of Cañon City.

### THE REPORT

Responsibility for both the accuracy of the data and the completeness and fairness of the presentation including all disclosures rests with management. To the best of our knowledge and belief, the data presented is accurate in all material respects and is reported in a manner designed to fairly represent the City’s financial position and the results of operations of the various funds. All disclosures necessary to enable the reader to gain an understanding of the City’s financial activities have been included.

The administration of the City is responsible for establishing and maintaining internal controls to make certain that the assets of the municipality are protected from loss, theft, or misuse, and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. Because the cost of internal controls should not outweigh their benefits, the City’s comprehensive framework of internal controls has been designed to provide reasonable, but not absolute, assurance that the financial statements will be free from material misstatement. As a recipient of federal, state, and local financial assistance, the City is responsible for ensuring that adequate internal controls are in place to assure and document compliance with the applicable laws and regulations as it relates to these programs. Internal controls are subject to periodic evaluation by the City’s administration.

The City’s charter also requires that an annual audit be conducted by an independent certified public accountant. The firm DMC Auditing and Consulting, LLC was retained by City Council for this purpose. The auditors’ report on the basic financial statements is included in the financial section of this report.

Generally accepted accounting principles require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of the Management’s Discussion and Analysis (MD&A) immediately following the report from the independent auditors. This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it.

### PROFILE OF THE COMMUNITY AND GOVERNMENT SERVICES

The City of Cañon City, which is the county seat of Fremont County, is located at the mouth of the Royal Gorge in south-central Colorado where the Arkansas River emerges from the canyon. The community is

situated 45 miles southwest of Colorado Springs and 39 miles west of Pueblo, Colorado. The most current population estimate from the United States Census Bureau shows 17,363 people living within the incorporated City limits in July 2024. The median age of the community's residents is about eight years older than that of the State as a whole. The annual median household income in Cañon City is \$66,068, approximately \$26,843 less than it is statewide.

The City has experienced a minor annual population increase since 2010. While Cañon City is close to urban populations, it is a place where you can make a living and enjoy a relatively small-town lifestyle if you choose. The quality of life for residents has expanded as more services are being provided.

The Royal Gorge Bridge, the highest suspension bridge in North America at 1,053 feet above the Arkansas River, is an attraction for visitors from all over the world. The Bridge, as a local attraction, had approximately 266,000 visitors in 2012, the year prior to the summer wildfire in 2013 that destroyed most of the Park facilities. In 2024, the 10th full year of attendance following the fire, the number of visitors was estimated at over 313,000 or 18% increase since 2012. Attendance compared to the prior year was estimated to be down nearly 16,000 or a 5% decrease from 2023. The decrease is attributable to the economy. The Royal Gorge Bridge and Park and other tourist amenities such as the Royal Gorge Route Railroad, a world-class whitewater rafting industry, and an ever-increasing mountain trail network continue to make Cañon City a stop on many tourist itineraries.

The City provides a full range of municipal services. These services include law enforcement, construction and maintenance of streets and stormwater facilities and related infrastructure, parks and recreational facilities, forestry services, fleet maintenance, the public library, museum and history center, cemeteries, and administrative services. The governing body also exercises oversight of the water treatment and delivery systems, police and employees' retirement plans, and the operation of the local Government Access Channel (CCTV – Channel 191).

## **BUDGETARY CONTROL**

The City maintains extensive budgetary controls. In October, the City Administrator submits to the City Council a proposed budget for the next calendar year. The budget includes proposed expenditures and the means of financing them. One or more public hearings are conducted by the City Council to obtain taxpayer comments. Prior to December 31st, the budget is legally adopted by a resolution of City Council. In accordance with the City's charter, expenditures over \$6,500 must be bid out and approved by the City. The charter allows for exceptions to the bid requirements for professional services and routine expenditures such as utility payments and payroll taxes.

Appropriations cease at year's end. During the year, the City Administrator, based on department head recommendations, may make operating line-item changes within the fund and program. The City Council may amend the budget by ordinance at any time. During 2024, one amendment was made to the budget. As demonstrated by the statements and schedules included in the financial section of this report, the City continues to meet its responsibility for sound budgetary and financial management.

## **LOCAL ECONOMY**

Tourism, corrections, and healthcare are the three key industry drivers in Cañon City and surrounding Fremont County. The tourism industry has been growing at a steady rate and is anchored by the Royal Gorge Bridge with approximately 330,000 visitors each year, the Royal Gorge Route Railroad with over 250,000 passengers each year, and ever-expanding outdoor recreation. The Fremont School District RE-1, Colorado Department of Corrections, and St. Thomas More Hospital continue to be economic stabilizers in Cañon City as the three largest employers in the city.

The local economy has been impacted by inflation as demonstrated by a decline in sales tax revenue in the majority of categories. Taxable 2024 sales for utilities saw the largest decrease at 17.77%. Hotels and Motels sales tax collections decreased by 7.92%. Auto dealers, parts and supplies decreased by 4.99%. Building materials and supplies decreased by 6.18%. Home furnishings increased by 15.39%, and general merchandise sales experienced a slight increase of 0.56%. Overall, the City's General Fund sales tax revenues increased from \$9,960,379 in 2022 to \$10,530,123 in 2023, a 5.73% increase. The increase in sales tax collections can be attributed to a combination of inflation and the change in the collection method.

Over the last two years, the building market has decreased with fewer new commercial, residential and multi-family projects. The restoration of the historic Hotel St. Cloud continues in downtown Cañon City with completion in summer of 2025. The total valuation for new construction in 2024 was 8.98% lower than the prior 5-year average. A large portion of the building permit and valuation decreases were due to the decrease in both residential and commercial projects started during the year.

Year	# of Permits	Valuation of Work
2019	762	33,157,969
2020	817	21,430,622
2021	929	62,797,912
2022	952	31,314,357
2023	1,059	29,945,784
2024	1,051	32,520,538

A Strategy Map for the City was introduced to the council during the December 9, 2020 General Government Meeting. This Strategy Map implemented a scorecard with measurable goals.

## Cañon City Strategy Map v2.0

### Cañon City

Is a vibrant, attractive and safe community that values quality of life, adventure and prosperity

#### Customer

Cañon City continually improves its citizens' quality of life

We are a customer-focused, business-friendly community

Cañon City is a dynamic destination with a small-town feel

#### Financial

Spend tax dollars efficiently and responsibly

Maintain a balanced, diversified economy

#### Internal Processes

##### Community Engagement

Establish and promote our identity and nurture community pride

Create programming that engages people

##### Economic Development

Prioritize and implement development projects

Champion community relationships that will foster entrepreneurship

Establish Cañon City as an economically resilient community

##### Operational Excellence

Simplify municipal regulations and code

Invest in infrastructure and public safety

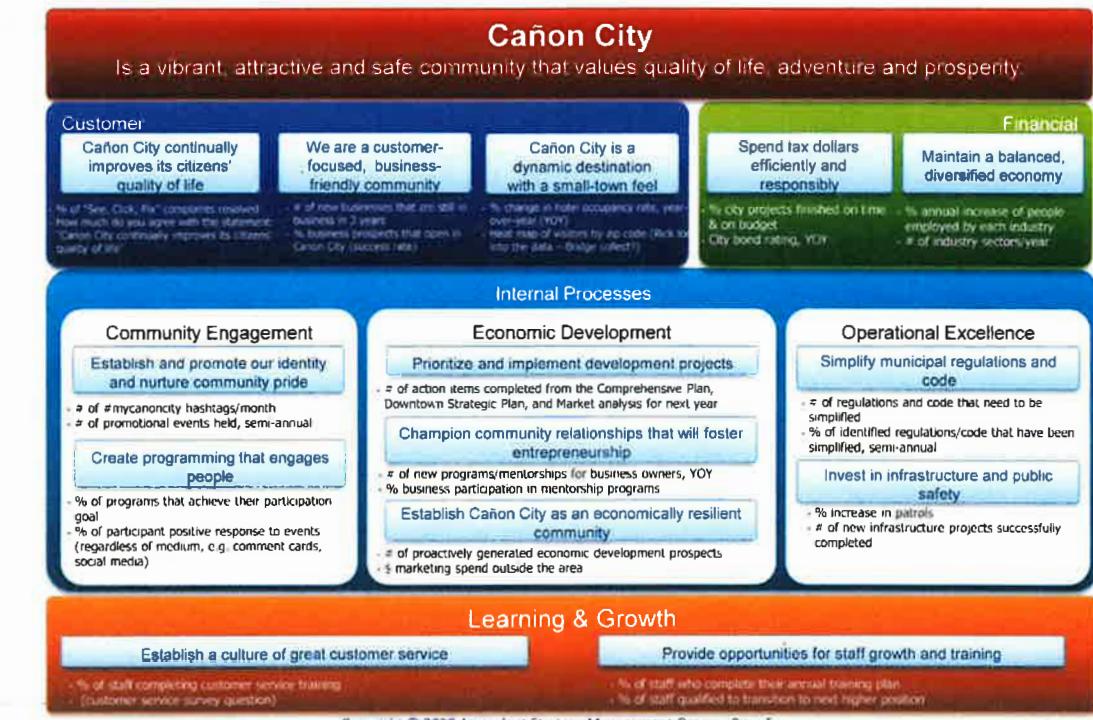

#### Learning & Growth

Establish a culture of great customer service

Provide opportunities for staff growth and training

## Cañon City Strategy Map v2.0 with Measures

## LONG-TERM FINANCIAL PLANNING

Over several years, the City has experienced significant growth in the fund balance assigned to capital outlay. Beginning with the 2017 budget, the City began to reinvest these resources into a variety of important community projects primarily related to parks & recreation and public works improvements. In November 2016, the Cañon City public approved Referendum 2-A, a 1% rate increase in sales and use tax to reconstruct the 67% of City streets that are in poor or failed condition. The proposal, approved by the voters, has allowed the City to earmark revenues for street construction and improvements through the year 2026. During the 10-year period, the City estimates that \$35-\$40M will be invested in addressing critical street reconstruction needs. While it is projected that the near-term increases in revenues should meet cost-of-living adjustments and provide for the basic capital improvement needs of the City and its residents, the City's revenues will not be sufficient to maintain a suitable street maintenance program after the 10-year expiration of the voter-approved sales tax increase. More than likely, this will continue to be the case unless significant growth occurs, there is a major increase in Royal Gorge Park attendance, or voters agree to some form of a permanent tax increase.

The City has continued to see growth in sales tax receipts through 2024 despite increasing inflation. While the City is currently able to fund activities and improvements beyond those traditionally provided, particularly with respect to street maintenance, City Council continues to place an emphasis on long-term financial planning.

## RELEVANT FINANCIAL POLICIES

The Colorado Constitutional Amendment passed in November 1992, commonly known as the Taxpayer Bill of Rights (TABOR), restricts growth in governmental spending and revenues, with those amounts adjusted annually for inflation and a local growth factor. In November 2017, Cañon City's voters approved

a referendum that allowed the City to extend, for an additional 10 years, a previously approved 10-year timeout to retain revenues that might otherwise have been refundable to citizens under the TABOR limits. As a result, the City is able to retain all “excess” revenues and spend them for capital improvements, municipal operations and services, and other public purposes. The City continues to be subject to other provisions of TABOR including maintaining an emergency reserve equal to 3% of annual spending and the requirement for elections to approve any tax increase or debt issuance (except related to enterprise funds, i.e., Water and Stormwater Utility operations).

In 2016 the City adopted the Financial Management Policy & Stewardship of Public Funds. This formal policy document memorialized several existing policies and practices. Additional policies were established in the Financial Management Policy including fund balance policies and long-term financial planning.

## MAJOR INITIATIVES

In recent years, the City has instituted a number of new initiatives. To respond to concerns about fluctuating attendance at the Royal Gorge Bridge and Park over the past decade, the uncertainty created by a single devastating event (the wildfire of 2013), and slow economic growth in the community, City Council has made economic development a priority.

The Economic Development Department was very active in 2024 making steady progress in areas consistent with the directions of several long-range plans, including the Arkansas River Corridor Master Plan, Main Street Strategic Plan, and the 2021 Comprehensive Plan. They have also helped to strengthen the Royal Gorge Chamber Alliance.

A high priority for 2024 was the utilization of an \$800,000 EPA Multipurpose grant that was awarded to the city in 2021. The purpose of the grant is twofold: to support the assessment of potentially contaminated parcels along the riverfront and adjacent to downtown, owned privately or by the City of Cañon City; and the cleanup of contaminated parcels that are City-owned, with preference given to the cleanup and development of Skyline Steel and, if necessary, the Black Hills W.N. Clark site along the river. Some notable projects benefiting from this grant program are highlighted in the chart below and include Phase I and Phase II Environmental Site Assessments (ESA) of several properties. When redeveloped, these projects will help toward meeting community goals of housing development, public safety, downtown revitalization, blight remediation and enabling riverfront development.

PROPERTY	ADDRESS	WORK COMPLETED	BENEFITS
<b>2022 BROWNFIELDS MULTIPURPOSE GRANT</b>			
Hotel St. Cloud	1631 Main Street	Phase I ESA; Phase I ESA Update	Main Street Revitalization and Historic Preservation
Cabrini Bldg; St. Scholastica	701 N 7th Street	RBM Survey; Phase I ESA	Historic preservation, economic vitality & Downtown Revitalization
New Method Laundry & Dry Cleaners	315 Main Street	Phase I ESA Update; Supplemental Phase II ESA	Public safety, parking and downtown revitalization; Environmental Cleanup
New Method Parking Lot	316 Macon Street	Updated Phase I ESA	Creation of additional downtown parking, downtown vitality
311 N 4th Street	311 N 4th Street	Phase I ESA	Public safety, blight remediation
REI Keyholder Rentals	517 - 519 Main Street	RBM Survey	Downtown 2nd floor housing development
Skyline Steel	311 N 4th Street	Asbestos Abatement	Riverfront Environmental Cleanup and Development
<b>2022 EPA TARGETED BROWNFIELD ASSESSMENT (TBA) GRANT</b>			
New Method Laundry & Dry Cleaners	315 Main Street	Phase 2 ESA; Second Phase 2 ESA; 3rd Sampling	Public safety, parking and downtown revitalization; Environmental Cleanup
<small>Phase 1 = Preliminary Site Assessment (PSA) which assesses the likelihood that a site is contaminated through visual observation, historical use, review of available records, and site inspection. Phase 2 = Further investigation of a site's presence.</small>			

Another key economic development priority for 2024 was the implementation of a fiber-to-the-premise (FTTP) project intended to provide residents, businesses, and future industry of the greater Cañon City

area with high-speed internet connectivity. The objective of the Cañon Connect project is to provide fiber-optic infrastructure that will substantially enhance the economic viability and marketability of Cañon City. Such a system would help to attract new businesses and workforce, to enable and support growing technology and remote work industry sectors, and to provide local businesses and residents with more competition for high-speed connectivity, redundancy, and reliability.

The Economic Development and Information Technology Departments joined together to create a Cañon Connect project envisioned to be a public/private partnership between the City and one or more industry fiber optic providers. In September of 2023, the city selected and announced a partnership with Visionary Broadband to implement this project, with planning and development to begin in 2023 and implementation in 2023 through mid 2025.

Housing development also continued to be a very high priority of the Economic Development department. Unfortunately, 2022 brought about a setback in housing development activity, because of the decision by Fading West Development to postpone development in Cañon City. Other housing-related due diligence activities increased, however, as the Economic Development Department began working closely with an investment group on the possible acquisition of the Four Mile Ranch Planned Development District (PDD). This group seeks to revise and modernize the PDD by reinvigorating investment in Four Mile Ranch Golf Course, increase commercial development opportunities and plan for the creation of new roads for residential development. This due diligence process is scheduled to continue into 2024.

Retail recruitment also remained a strong focus of the Economic Development Department. In 2024, the department continued working with The Retail Coach, a retail recruitment company that provides front-line recruitment efforts to expand the reach of the community. This service is designed to help attract development that is consistent with the needs of our community, utilizing custom retail trade area data and analytics to identify retail matches and promote our community.

Economic Development also continues to institute efforts with and support the Chamber of Commerce, Fremont County Economic Development Corporation, TechSTART, and the Fremont County Tourism Council in order to advance our community brand and undertake new marketing strategies intended to grow area tourism and attract new business and economic growth to the community.

Trail building in Red Canyon Park began in late 2024 with anticipated completion in 2025. The trail system will consist of a 3.5-mile loop that highlights the stunning natural beauty of the park along with a 1.2-mile loop designed for adaptive trail use to serve users with disabilities. The trails are for non-motorized use and are open to hikers, bikers, and equestrian users.

The Red Canyon Park Trail Committee was formed in 2024 and was tasked with creating a policy to balance the needs of recreational trail users while protecting the environment from overuse. The committee ultimately made the decision to open the trail system for recreationalists with no commercial use allowed on the trails.

The Police Department remains committed to providing its officers with ongoing advanced training to ensure they are well-prepared to serve the community. Prioritizing safety, the department continually reviews and updates its equipment standards to align with advancements in technology, upgrading gear as needed.

In 2024, the Co-Responder Program underwent significant restructuring. The new model is now civilian-led and includes a professional licensed clinician and one navigator. Despite the structural changes, the program's mission remains unchanged—delivering comprehensive, coordinated responses and wraparound support for individuals experiencing mental health or substance use crises.

In November 2016, the Cañon City voters approved the requested 1% sales & use tax increase. By utilizing a \$5,000,000 interfund loan in combination with sales tax collections, the City completed multiple major street improvements in 2024. The following table represents a portion of the work completed in 2024:

Street	SY Asphalt	SY Concrete	Curb and Gutter (linear feet)	Center Line Miles	Lane Miles
Pear Avenue Reconstruction – 19 <sup>th</sup> to Field	10,093	1,550	6,018	.61	1.22
5 <sup>th</sup> Street Resurfacing – Fairview to High	26,651	0	1,285	1.30	2.60
Harrison Avenue Resurfacing – 9 <sup>th</sup> to 15 <sup>th</sup>	16,100	0	635	.59	1.18
Fremont County Admin Building Perimeter Streets Resurfacing	8,818	0	399	.35	.70
<b>2024 TOTAL</b>	<b>61,662</b>	<b>1,550</b>	<b>8,337</b>	<b>2.85</b>	<b>5.70</b>

The street improvement program continues to assess and upgrade local streets in order to provide safety and stability for years to come.

#### AWARDS AND ACKNOWLEDGEMENTS

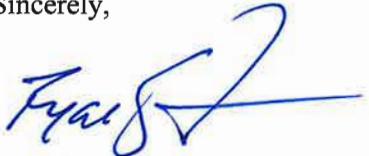

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Cañon City for its Annual Comprehensive Financial Report for the fiscal year ended December 31, 2023. To be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized Annual Comprehensive Financial Report, whose contents conform to program standards. This report satisfied both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current report continues to conform to the Certificate of Achievement Program's requirements, and we are submitting it to GFOA to determine its eligibility for another certificate.

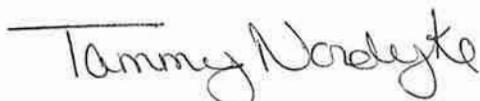

The preparation of the Annual Comprehensive Financial Report was made possible by the dedicated services of the entire staff of the Finance Department. Each member of the department has our sincere appreciation for the contributions made in the preparation of this report.

In closing, without the leadership and support of the Mayor and City Council, preparation of this report would not have been possible.

Sincerely,

Ryan Stevens  
City Administrator

Tammy Nordyke  
Finance Director

## INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and the Members of the City Council  
City of Cañon City, Colorado  
Cañon City, Colorado

### Report on the Audit of the Financial Statements

#### Opinions

We have audited the accompanying financial statements of the governmental activities, business-type activities, discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Cañon City, Colorado (the City) as of and for the year ended December 31, 2024, and the related notes to the financial statements, which collectively comprise the basic financial statements of the City, as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, discretely presented component unit, each major fund, and the aggregate remaining fund information of the City as of December 31, 2024, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### Basis of Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risk of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the required supplementary information listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### **Supplementary Information**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The accompanying combining and individual fund statements and budgetary comparison schedules, the local highway finance report, and the schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling the information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund statements and budgetary comparison schedules, the local highway finance report, and the schedule of expenditures of federal awards, are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### **Other Information**

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated September 30, 2025, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

# Management's Discussion and Analysis (Unaudited)

Our Discussion and Analysis of the City of Cañon City's financial performance provides an overview of the City's financial activities for the fiscal year ended December 31, 2024. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our Letter of Transmittal which can be found in the introductory section of this report.

## FINANCIAL HIGHLIGHTS

- ◆ The audited fund balance for the General Fund decreased by \$1,428,858 compared to a budgeted decrease of \$7,935,769 primarily due to a combination of increased revenues and delayed capital projects. Intergovernmental revenues, which include grants, were a major contributing factor to the increase in revenue.
- ◆ Sales and use tax revenue, the City's largest single source of General Fund revenue, increased by \$21,375 over 2023. This can be attributed to moving to State collection of sales tax which increased the number of out-of-state filers with online sales.
- ◆ At the end of the current fiscal year, the unassigned fund balance for the General Fund was \$5,795,977 (36% of total General Fund operating expenditures plus debt service). The City's other governmental funds reported a combined ending fund balance of \$15,905,688, an increase of \$1,174,960 compared to the prior year, primarily due to increased revenues and delayed capital purchases. Within the total fund balance for the governmental funds, \$11,105,648 is restricted by specific legal requirements, \$644,513 has been committed for contractual obligations, \$11,282,840 is classified as assigned, and \$2,990,531 is non-spendable for inventory, prepaid items, interfund receivable, and the Cemetery Perpetual Care Fund. The total unassigned fund balance for governmental funds is \$5,795,977.
- ◆ Reflected in the General Fund Budgetary Comparison Schedule, revenues that were primarily from property taxes, sales and use taxes, franchise taxes, Royal Gorge Bridge lease revenues, and general intergovernmental revenues were used to support the following major activities:
  - \$5,095,719 was used for General Government purposes – City Council, City Clerk, Elections, Municipal Court, Administration, Human Resources, Computer Resources, Facilities, Finance, Non-Departmental, Building Department, Planning and Zoning, and Economic Development.
  - \$6,865,970 was used for Public Safety – Support Services, Operations, School Resource Program, Co-Responder Program, and the newly formed Directed Investigations and Community Engagement (DICE) unit.
  - \$2,172,630 was used for Public Works – Fleet Maintenance, Street Maintenance, Engineering, and Street Projects.
  - \$1,127,853 was used for Culture and Recreation – Cañon City Public Library and the Royal Gorge Museum and History Center.
  - \$2,163,812 was used for Capital Outlay.
  - \$775,052 was used for Debt Service.

## OVERVIEW OF THE FINANCIAL STATEMENTS

The Discussion and Analysis serves as an introduction to the City of Cañon City's basic financial statements. The City of Cañon City's financial statements are comprised of three components: government-wide financial statements, fund financial statements, and notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

**Government-wide Financial Statements.** The government-wide financial statements are designed to provide readers with a broad overview of the City's finances in a manner like a private-sector business. The Statement of Net Position presents information on all the City of Cañon City's assets and deferred outflows of resources

along with liabilities and deferred inflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating. The Statement of Net Position combines and consolidates current financial resources (short-term spendable resources) with capital assets and long-term obligations of governmental funds. Other nonfinancial factors should also be taken into consideration such as changes in the City's property tax base and the condition of the City's capital assets (roads, buildings, water lines, etc.) to assess the overall health or financial condition of the City.

The Statement of Activities presents information showing how the City's net position changed during the most recent fiscal year. All the current year's revenues and expenses are considered regardless of when cash is received or paid. Thus, some of the revenues and expenses reported in the Statement of Activities will result in cash flows in future fiscal periods, i.e., uncollected taxes and earned, but not used, paid time off. Both the Statement of Net Position and the Statement of Activities are prepared utilizing the accrual basis of accounting and the economic resources measurement focus.

The Statement of Activities divides the City into two categories:

- ◆ Governmental activities: Most of the City's basic services are reported here including police, street maintenance, culture and recreation, and general administration. Sales tax, charges for service, and Royal Gorge Bridge lease revenue finance most of these activities.
- ◆ Business-type activities: The City charges a fee to customers to recover the full cost of certain services it provides. The City's water facilities and Stormwater Utility Fund are reported here.

The government-wide financial statements can be found immediately following the Management Discussion & Analysis.

## **Reporting the City's Most Significant Funds**

### **Fund Financial Statements**

The City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. However, the City Council establishes many other funds to help it control and manage money for a particular purpose. The City's two categories of funds, governmental and proprietary, utilize different accounting approaches.

**Governmental Funds:** Most of the City's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year end that are available to be spent. These funds are reported using an accounting method called modified accrual accounting which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the City's general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or less financial resources that can be spent in the near future to finance the City's programs. We describe the relationship between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds in a reconciliation following the fund financial statements.

The City of Cañon City maintained 11 individual governmental funds for the year ended December 31, 2024. Information is presented separately in the governmental funds Balance Sheet and in the governmental funds Statement of Revenues, Expenditures, and Changes in Fund Balances for the General Fund, Street Improvement Fund, and Quality of Life Fund which are the major governmental funds. The Combining Statement of Revenues, Expenditures, and Changes in Fund Balances – Non-Major Governmental Funds includes data from the other eight funds. The Combining Balance Sheet – Non-Major Governmental Funds reports data combined into a single aggregated presentation for the remaining eight Non-Major Governmental Funds as of December

31, 2024. Also included is the Cañon City Area for Reinvestment Expansion (C-CARE) which is shown as a discreetly presented component unit.

**Proprietary Funds:** When the City charges for the full cost of the services it provides, whether to customers or to other units of the City, these services are reported in proprietary funds. Proprietary funds are reported in the same way that all activities are reported in the Statement of Net Position and the Statement of Activities. In fact, the City's enterprise funds (a component of proprietary funds) are the same as the business-type activities reported in the government-wide statements but provide more detail and additional information such as cash flows for proprietary funds.

## Notes to the Financial Statements

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found following the basic financial statements.

## RSI and Supplementary Information

The combining and individual fund statements and schedules are presented immediately following the notes to the financial statements.

## THE CITY AS A WHOLE – Government-Wide Financial Analysis

The City's net position at fiscal year-end is \$159,602,889. This is a \$10,033,090 increase over last year's net position of \$149,569,799. Net position may serve as a useful indicator of the City's financial position.

The largest portion of Cañon City's net position, \$108,397,122 (67.9%), reflects its net investment in capital assets, less any related outstanding debt utilized to acquire those assets. The City utilizes these capital assets to provide services to citizens. Consequently, these assets are not available for future spending. Although the City's net investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate liabilities.

### Summary of Net Position At December 31, 2024

	Governmental Activities		Business -Type Activities		Total	
	2024	2023	2024	2023	2024	2023
<b>Statement of Net Position</b>

	\$1,417,408	\$1,464,423	-	-	\$1,417,408	\$1,464,423

## Summary of Net Position Continued At December 31, 2024

	Governmental Activities		Business -Type Activities		Total	
	2024	2023	2024	2023	2024	2023
<b>Net position</b>						
Net Investment in Capital Assets	\$77,986,028	\$69,980,155	\$30,411,094	\$28,368,588	\$108,397,122	\$98,348,743
Restricted	13,124,959	12,642,188	909,999	870,588	14,034,958	13,512,776
Unrestricted	20,887,763	22,014,811	16,283,046	15,693,469	37,170,809	37,708,280
<b>Total Net Position</b>	<b>\$111,998,750</b>	<b>\$104,637,154</b>	<b>\$47,604,139</b>	<b>\$44,932,645</b>	<b>\$159,602,889</b>	<b>\$149,569,799</b>

Only \$14,034,958 of the City's net position represents resources that are subject to external restrictions on how they may be spent. The remaining balance of unrestricted net position, \$37,170,809, may be used to meet the City's ongoing obligations to citizens and creditors.

As of December 31, 2024, the City is able to report positive balances in all three categories of net position, both for the City as a whole as well as for its separate governmental and business-type activities. The same situation held true for the prior fiscal year.

### Analysis of City's Operations

Governmental and business-type activities increased the City's net position by a total of \$10,033,090. The key elements of this increase are as follows:

	Changes in Net Position					
	Governmental Activities		Business-Type Activities		Total	
	2024	2023	2024	2023	2024	2023
<b>Statement of Activities</b>

### Governmental Activities

The City's general revenues within governmental activities decreased when compared to the prior year by 1.0% or \$224,275. The primary reason for this change was due to a combination of decreased franchise fees and other revenues. Sales tax continues to increase as seen in the last 10 years. Refer to Statistical Table 9 for detailed information about sales tax collections by category.

### General Revenues

	2024	2023	Increase (Decrease)
Property Taxes	\$652,816	\$526,602	\$126,214
Sales and Use Taxes	15,931,117	15,909,742	21,375
Other taxes	1,325,194	1,312,324	12,870
Franchise Taxes	259,094	355,071	(95,977)
Grants & Contributions not restricted to Specific Programs	-	-	-
Royal Gorge Bridge Revenues	3,194,291	3,153,504	40,787
Investment Earnings	1,008,116	970,609	37,507
Developer Contributions	-	-	-
Other Revenues	114,174	481,225	(367,051)
<b>Total General Revenues</b>	<b>\$22,484,802</b>	<b>\$22,709,077</b>	<b>(\$224,275)</b>

- Program revenue had a net increase of \$5,116,102 (239.2%). Charges for services increased by \$142,796 (13.8%). Operating Grants & Contributions decreased by \$319,695 (31.5%) mainly due to decreased grant funding for general government. Capital Grants and Contributions increased by \$5,293,001 (6,037.1%) primarily due to increased capital contributions from new commercial and residential development.
- Sales and use tax revenue, the City's largest single source of General Fund revenue, increased by \$21,375 over 2023. This can be attributed to moving to State collection of sales tax which increased the number of out-of-state filers with online sales.

- Franchise tax revenues decreased by \$95,977 (27%).
- Royal Gorge Bridge lease revenues increased by \$40,787 (1.3%). The paid admissions were down this year compared to 2023.
- Investment earnings increased by \$37,507 (3.9%) due to an increase in interest rates on investments.
- General Government expenses increased by \$75,096 (1.5%) due to a combination of increased software costs, utility costs, inflation, and the receipt of items that had been delayed due to supply chain issues.
- Public Safety expenses decreased by \$50,122 (0.7 %) due to vacancy savings. Recruiting efforts have become more difficult in this area.
- Public Works expenses increased by \$634,452 (16.8%) due to an increase in capital equipment purchases that had been delayed from previous supply chain issues.
- Culture and Recreation expenses increased by \$1,131,850 (24.2%) due to the construction of a Parks maintenance building.
- The budgeting strategy for 2024 was to maintain the unassigned reserve at a minimum of 20.5% and a maximum of 30% of expenditures.

The governmental activities long term liabilities, excluding net pension liability, decreased by \$149,802 due to the reduction in capital lease obligations. Other governmental activities liabilities increased by \$3,243,824 primarily due to an increase in accounts payable for major construction projects completed near the end of the year.

### **Business-Type Activities**

Total net position from business-type activities increased from the previous year by \$2,671,494 (5.9%). The key elements of this increase are due to the following:

- The City Stormwater Utility Fund had a total increase in net position of \$682,191 primarily due to planned rate increases.
- The Water Fund had a total increase in net position of \$1,989,303 primarily due to delayed capital projects and increased revenue.
- A non-cash transaction relating to the loss of the disposal of a feasibility study, that had been previously capitalized in the Stormwater Fund, is accounted for in other revenues.

### **Financial Analysis of City of Cañon City's Funds**

As noted previously, the City of Cañon City utilizes fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

### **Governmental Funds**

The focus of the City of Cañon City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, the unassigned fund balance in the General Fund may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

## Fund Balance Analysis

At the end of the current fiscal year, the City's governmental funds reported a combined ending fund balance of \$31,819,509, a decrease of \$253,898 in comparison with the prior year. Within this total, \$11,105,648 (34.9%) is restricted by specific legal requirements, \$644,513 (2.0%) has been committed, \$11,282,840 (35.5%) is assigned to specific types of expenditures, and \$2,990,531 (9.4%) is non-spendable for inventory, cemetery, and prepaid items. The unassigned fund balance represents a positive \$5,795,977 (18.2%).

- ◆ **The General Fund** is the City's primary operating fund. At the end of the current fiscal year the unassigned fund balance was \$5,795,977 while the total fund balance equaled \$15,913,821. In the current fiscal year, the fund balance of the General Fund decreased by \$1,428,858. This is primarily due to the use of ARPA funds for capital projects.
- ◆ **Quality of Life Fund:** The City's Quality of Life Fund is used to account for various major grant-funded capital projects. The City allocates a portion of the Royal Gorge Bridge lease revenues to this fund to provide the match requirements for the various grants. For the 2024 fiscal year, of the \$6,326,937 total project expenditures, \$5,200,676 (82.2%) was provided by multiple grant sources. The main projects with funding assistance are as follows:
  - Colorado Department of Transportation (CDOT) funding for the US 50 Pedestrian Crossing project
  - Colorado Department of Transportation (CDOT) funding for the Safe Routes to School 9<sup>th</sup> Street Project
  - Department of Local Affairs (DOLA) funding for the Parks Maintenance Building Project
  - US Environmental Protection Agency (EPA) funding for the Brownfields Multipurpose Cooperative Agreement
- ◆ **The Street Improvement Fund** was established to account for the financial activity authorized by the passage of Cañon City Referendum 2A on November 8, 2016. All sales and use tax revenue generated from the approved 1% sales and use tax rate increase (from 2% to 3%) are deposited into this fund. Additionally, all investment earnings resulting from the available cash balances in this fund are allocated to the Street Improvement Fund. The resources accumulated in this fund are used exclusively to fund the costs of street-related infrastructure improvements and repairs. The projects that are planned for completion will be prioritized in accordance with the City's pavement management plan criteria.

In 2017, City Council approved an interfund loan in the amount of \$5,000,000 (General Fund \$1,000,000, Cemetery Fund \$2,000,000, Water Fund \$1,250,000, and Raw Water Fund \$750,000) to be repaid over a 10-year period at an interest rate of the average yield of the City's pooled investments plus

0.5%. This financing methodology is expected to result in significant savings in issuance costs and interest expense over the 10-year repayment period.

- ♦ **Proprietary Funds:** The City's proprietary funds provide the same type of information found in the government-wide financial statements but in more detail. The unrestricted net position of the Water Fund at the end of the year amounted to \$11,817,965. Unrestricted net position of the Stormwater Utility Fund at the end of 2024 was \$4,465,081. The net position of the Internal Service Fund, which accounts for the City's self-insurance program, decreased by \$490,773 (26.0%). This decrease was primarily the result of higher claims expense.

## **General Fund Budgetary Highlights**

The original expense budget in the General Fund was \$24,086,815. There was one budget amendment to the total General Fund expense budget during the year. The final expense budget in General Fund was \$24,452,815.

The General Fund total revenues were \$682,968 lower than the revenue budget. Several of the revenue categories had significant variances from budget. Taxes and assessments revenues were \$552,162 higher than budgeted, which was a variance of 5.0%. Licenses and permits were \$93,847 higher than budgeted primarily due to an increase in large commercial projects compared to the previous year. Intergovernmental revenues were \$1,452,313 less than budgeted primarily due to a change in the budgeting process which accounts for potential grants. Charges for services were \$150,048 higher than budgeted because of an increase in project reimbursements for Public Works. Fines and Forfeitures revenues were \$2,105 higher than budgeted due to a combination of increased police fees and penalties. The General Fund portion of the Royal Gorge Bridge revenues was \$105,709 lower than budgeted due to decreased number of admissions. Interest earnings were \$749 higher than budgeted due to an increase in the average yield on the City's investments. Rent revenues were \$1,268 lower than budgeted and Contributions and Donations were \$21,981 lower than budgeted. Other revenues were \$99,392 higher than budgeted due to increased insurance recoveries.

General Fund total expenditures were \$6,251,779 under budget. General Government expenditure was \$2,592,017 under budget because of a combination of reduced spending in all areas. Public Safety spending was \$1,747,692 under budget due to vacancy savings and reduced contracted services. Public Works operating costs were \$1,683,840 under budget largely due to reduced spending across all categories. Culture and Recreation spending was \$167,584 under budget primarily due to personnel cost savings and lower than anticipated pedestrian bridge repairs. Capital project costs were \$721,578 under budget mainly due to delays in the Clocktower Plaza project.

## **Capital Assets and Debt Administration**

### **Capital Assets**

Cañon City's investment in capital assets for its governmental and business-type activities as of December 31, 2024, amounted to \$122,340,369 net of depreciation. This investment in capital assets includes land, water rights, buildings, improvements, machinery and equipment, and infrastructure associated with the water system, stormwater system, and streets system infrastructure.

The increase in capital assets is attributed primarily to the purchase of machinery and equipment, the replacement of fleet vehicles, and additions to construction in process. Construction in process includes ongoing projects such as street improvements, water mains, and stormwater projects to improve our level of service to our community.

For additional information relating to the capital assets of the City, please refer to Note 4 in the Notes to the Financial Statements.

## Capital Assets at Year-End

*Rhodes Ave Stormwater Improvements	Stormwater Fund
*Projects started but not completed by year end	

## Debt Administration

At the end of 2024, the City had total outstanding debt of \$14,983,595 (certificates of participation, capital leases, and compensated absences). The City's total debt had a net decrease of \$1,269,058 during the current fiscal year. The key elements of this net decrease are due to the following:

- Balance of the 2017 certificates of participation decreased by \$685,000
- Balance of the 2019 certificates of participation decreased by \$300,000
- Compensated absences increased by \$93,688
- New capital lease for police vehicles increased the overall balance by \$126,569

Additional information on the City's long-term debt can be found in Note 5 to the financial statements.

### Outstanding Debt at Year-End

## ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

The City's 2025 budget reflects continuation of our plan to keep the City on solid ground for providing services to our citizens during 2025 and for years to come. We recognize the fact that we cannot control the economy as a whole. We are maintaining an adequate emergency reserve as well as a very strong unassigned fund balance in the General Fund. The City's main priorities include keeping the community safe, undertaking economic development initiatives, maintaining infrastructure, and keeping a conservative approach in developing a fiscal year budget.

The 2025 budget lays out the City's vision for achieving long-term goals and more focus on action beyond 2025 that promotes economic development and tourism within Fremont County. However, due to the change in the economy, attendance in 2025 is anticipated to stagnate.

The City's elected and appointed officials considered many factors, including the economy, when setting the fiscal year 2025 budget. Even with the uncertainty of the economy, the 2025 budget continues to support the goals of the City with the overall budget showing an increase of 13.48% over the 2024 budget. This is primarily due to projects that were not completed in prior years and increased federal funding. Additionally, the City's General Fund revenue is expected to grow, and it is anticipated that sales tax revenue will continue to increase. The City also continues to benefit from strong fund balances and conservative financial practices.

The City's adherence to four basic principles is incorporated into the 2025 budget:

1. To maintain and improve the current level of services in all departments
2. To remain competitive in the marketplace to maintain a competent, efficient workforce
3. To provide capital equipment purchases
4. To provide for capital projects

Through July of 2025, sales tax revenue is down 4.7% over 2024. The City continues to monitor revenues and expenditures closely to ensure that critical services are maintained. The City continues to maintain adequate reserves to provide funding for emergencies.

## **REQUEST FOR INFORMATION**

The City's financial statements are designed to provide users (citizens, taxpayers, customers, investors, and creditors) with a general overview of the City's finances and to demonstrate Cañon City's accountability. Questions concerning any of the information presented in this report and/or requests for additional information should be sent to the City Finance Director's attention at the following address:

**128 Main Street, PO Box 1460  
Cañon City, CO 81215-1460**

**CITY OF CAÑON CITY, COLORADO**  
**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND**  
**CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES**  
**For the Year Ended December 31, 2024**

AMOUNTS REPORTED FOR GOVERNMENTAL ACTIVITIES IN THE  
 STATEMENT OF ACTIVITIES ARE DIFFERENT BECAUSE:

Net Change in Fund Balances of Governmental Funds	\$ (253,898)
---	--------------

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as:

Depreciation Expense	(4,736,547)
Disposal of Capital Assets	(36,337)
Capital Outlay	12,474,262

The repayment of long-term debt principal is an expenditure in governmental funds, but the repayment reduces long-term liabilities in the statement of net position and does not affect the statement of activities.

762,543

Debt proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position and does not affect the statement of activities. This is the effect of these differences in the treatment of long-term debt and related items:

Financed Purchase Proceeds	(150,000)
Subscription-Based Information Technology Arrangements (SBITAs) Proceeds	(233,365)

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds. This includes the changes in the following:

Accrued Compensated Absences	(93,688)
Net Pension Liability	237,215
Pension-Related Deferred Outflows of Resources	(150,155)
Pension-Related Deferred Inflows of Resources	32,339

Internal services funds are used by management to charge the costs of the operation and maintenance of the vehicle fleet and employee insurance to individual funds are reported in the government-wide statement of activities as governmental activities.

(490,773)

**CITY OF CAÑON CITY, COLORADO**  
**NOTES TO THE FINANCIAL STATEMENTS**  
December 31, 2024

**NOTE 1: Summary of Significant Accounting Policies**

The City of Cañon City, Colorado (the City) was formed on April 2, 1872, and later became a “home rule city” as defined by Colorado Revised Statutes. The City is governed by a Mayor and a seven-member Council elected by the residents.

The accounting policies of the City conform to generally accepted accounting principles as applicable to governmental entities. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The following is a summary of the City’s more significant policies.

**Reporting Entity**

The financial reporting entity consists of the City, organizations for which the City is financially accountable, and organizations that raise and hold economic resources for the direct benefit of the City. All funds, organizations, institutions, agencies, departments, and offices that are not legally separate are part of the City. Legally separate organizations for which the City is financially accountable are considered part of the reporting entity. Financial accountability exists if the City appoints a voting majority of the organization’s governing board and is able to impose its will on the City, or if the City has the potential to provide benefits to, or impose financial burdens on, the City.

The City includes various public improvement districts within its reporting entity. The City Council is the governing authority of the public improvement districts. The City has operational responsibility and ability to issue debt in the name of the individual public improvement districts. The financial information of each individual public improvement district is blended into the City’s financial statements as a debt service fund. No separate financial statements are issued for the individual public improvement districts.

The Cañon City Area for Reinvestment Expansion (CCARE) is a legally separate entity from the City that was organized, established, and authorized by the City to transact business and exercise its powers as an urban renewal authority, under the Colorado Urban Renewal Law, section 31-25-2010 of the Colorado Revised Statutes. CCARE was established for the prevention and elimination of blighted areas in the City using public funds for the benefit of the area. CCARE is governed by a board of eleven members, eight of which are members of the City Council and the remainder appointed by the City Council. Therefore, CCARE is presented as a discretely presented component unit on the City’s financial statements.

**Government-wide and Fund Financial Statements**

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all activities of the City and its component unit. For the most part, the effect of interfund activity has been removed from these financial statements. Exceptions to this general rule are charges for interfund services that are reasonably equivalent to the services provided. *Governmental activities*, which are normally supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of the given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for the governmental funds, proprietary funds, and discretely presented component unit. Major individual governmental funds, proprietary funds, and other significant funds identified by management are reported as separate columns in the fund financial statements.

**CITY OF CAÑON CITY, COLORADO**  
**NOTES TO THE FINANCIAL STATEMENTS**  
December 31, 2024

**NOTE 1: Summary of Significant Accounting Policies (Continued)**

**Measurement Focus, Basis of Accounting, and Financial Statement Presentation**

In the fund financial statements, the City reports the following major governmental funds:

The *General Fund* is the City's primary operating fund. It accounts for all financial resources of the City, except those required to be accounted for in another fund.

The *Quality of Life Fund* is a capital projects fund used to account for capital improvements that are generally funded by grants, financing proceeds, or other special revenues.

The *Street Improvement Fund* is capital projects fund used to account for the voter-approved 1% sales and use tax collected from January 1, 2017, through December 31, 2026, to be used exclusively to fund costs of street-related infrastructure improvements and repairs.

The City reports the following major proprietary funds:

The *Water Fund* accounts for all activities necessary to provide water services to City residents.

The *Stormwater Utility Fund* accounts for all activities necessary for the operation and maintenance of the City's stormwater facilities.

Additionally, the City reports the following fund type:

The *Insurance Internal Service Fund* is used to account for the health insurance claims and stop-loss insurance for City employees.

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary funds. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collected within the current year or soon enough thereafter to pay liabilities of the current year. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current year.

Taxes, intergovernmental revenues, grants, and interest associated with the current year are considered to be susceptible to accrual and so have been recognized as revenues of the current year. All other revenues are considered to be measurable and available only when cash is received by the City.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, are recorded only when payment is due.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's proprietary funds are charges to customers or other funds for sales and services. Operating expenses include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for a specific use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

**CITY OF CAÑON CITY, COLORADO**  
**NOTES TO THE FINANCIAL STATEMENTS**  
December 31, 2024

**NOTE 1: Summary of Significant Accounting Policies (Continued)**

**Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Fund Balance / Net Position**

*Cash and Investments* – Cash and investments of each of the City’s funds are pooled and invested by the City. Investments are reported at fair value. For purposes of the statement of cash flows, cash equivalents include investments with original maturities of three months or less.

*Receivables* – Receivables are reported at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible. Property taxes levied in the current year for collection in the subsequent year are recorded as receivables and deferred inflows of resources at year end. Taxes are due in the subsequent year on April 30, or in two installments on February 28 and June 15. Taxes are collected by the County Treasurer and remitted to the City on a monthly basis. Grant reimbursements not received before year-end for which eligibility has been met and expenditures have been incurred are reported as grants receivable.

*Lease Receivable* – The City is a lessor for noncancellable periods in excess of twelve months, including exercised extensions. Lease receivable is measured at the present value of lease payments expected to be received during the lease term based on the City’s implicit interest rate unless the interest rate is provided in the agreement. Leases are recognized at the present value of cash flows as a lease receivable and a deferred inflow of resources. Payments on the lease reduce lease receivable and recognize interest as revenue. Deferred inflows of resources are amortized over the life of the lease term on a straight-line basis.

*Interfund Receivables and Payables* – Certain transactions between individual funds result in receivables and payables, which are classified on the balance sheet as *interfund receivables* and *interfund payables*. Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as *internal balances*.

*Inventories* – Inventories are stated at cost on a first-in, first-out (FIFO) basis. The costs of inventories are recorded as expenditures or expenses when consumed rather than when purchased.

*Prepaid Expenditures* – Certain payments to vendors reflect costs applicable to future years and reported as prepaid expenditures or prepaid expenses using the consumption method.

*Capital Assets* – Capital assets include property, equipment, water and stormwater systems infrastructure and governmental activities infrastructure acquired since 1980. These are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. They are also reported in the proprietary funds in the fund financial statements.

Capital assets are defined as assets with an initial, individual cost of \$5,000 or more and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at the acquisition value on the date of donation. The costs of normal maintenance and repairs that do not add to the value of the assets or materially extend asset lives are not capitalized. Capital assets are depreciated using the straight-line method over the following estimated useful lives.

Buildings and Improvements	20 – 40 years
Machinery and Equipment	3 – 20 years
Infrastructure	30 - 50 years
Water and Stormwater Systems	30 - 50 years

**CITY OF CAÑON CITY, COLORADO**  
**NOTES TO THE FINANCIAL STATEMENTS**  
December 31, 2024

**NOTE 1: Summary of Significant Accounting Policies (Continued)**

**Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Fund Balance / Net Position (Continued)**

Subscription-based information technology assets (SBITAs) are reported in the government-wide financial statements as a capital asset, net of accumulated amortization. SBITAs are recognized as multi-year noncancellable agreements amortized over the period of the agreement on a straight-line basis.

*Deferred Outflows of Resources* – This separate financial statement element represents a consumption of net assets that applies to future periods and so will not be recognized as an outflow of resources until then. This includes loss on refunding, net of accumulated amortization, related to the Certificates of Participation, Series 2019, and pension-related balances.

*Deferred Inflows of Resources* – This separate financial statement element represents an acquisition of net assets by the City that is applicable to a future reporting period. Deferred inflows of resources in the governmental fund financial statements include property taxes earned but not available as current financial resources.

*Long-Term Debt* - In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities. Debt premiums, discounts and accounting losses resulting from debt refundings are deferred and amortized over the life of the debt using the effective interest method. In the governmental fund financial statements, the face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts are reported as other financing uses. Debt issuance costs, whether or not withheld from the debt proceeds, are reported as current expenses or expenditures.

*Compensated Absences* – Personnel accrue unused paid time off (PTO) based on the number of hours worked in a year. Employees may accumulate up to a maximum based on years of service and full-time versus part-time status. Unused accumulated leave benefits are paid upon separation/termination at their current pay rate. A long-term liability is reported in the government-wide financial statements for the accrued compensated absences when earned. Governmental funds recognize a liability only when payment is due.

*Subscription-Based Information Technology Arrangements (SBITAs)* – SBITA agreements for noncancellable periods in excess of twelve months, including exercised extensions, are recognized as a liability. The SBITA liability is measured at the present value of lease payments expected to be paid during the lease term based on the City's implicit interest rate unless the interest rate is provided in the agreement. SBITAs are recognized at the present value of cash flows as a liability and a related right-to-use asset. Payments on the SBITA reduce the liability and amortize the right-to-use asset on a straight-line basis over the life of the SBITA agreement.

*Insurance Claims* – The City incurs medical claim liabilities and estimated incurred but not reported (IBNR) claims at year-end. IBNR reports liabilities that have been estimated at year-end. The City believes the estimated insurance claims are not fully measurable and may potentially incur additional IBNR claims in the future. These liabilities are reported in the internal service fund and the government-wide financial statements.

*Pensions* – The City participates in the Statewide Retirement Plan (the SRP Plan), a cost-sharing multiple-employer defined benefit pension plan. The plan is administered by the Fire & Police Pension Association of Colorado (FPPA). The net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, information about the fiduciary net position, and additions to and deductions from the plans' fiduciary net position have been determined using the economic resources measurement focus and the accrual basis of accounting, the same basis of accounting used by the Statewide Defined Benefit Plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Employer contributions are recognized when the compensation is payable to the employees. Investments are reported at fair value.

**CITY OF CAÑON CITY, COLORADO**  
**NOTES TO THE FINANCIAL STATEMENTS**  
December 31, 2024

**NOTE 1: Summary of Significant Accounting Policies (Continued)**

**Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Fund Balance / Net Position (Continued)**

*Postemployment Benefits Other Than Pensions (OPEB)* – The City contributes to the Statewide Death & Disability Plan (the SD&D Plan), a cost-sharing multiple-employer defined benefit death and disability plan administered by the Fire & Police Pension Association of Colorado (FPPA). The plan is funded by member contributions or contributions made on behalf of members. The City has no requirement to contribute to the plan and does not receive contributions from a non-employer entity. Therefore, the City does not report a net OPEB liability, or deferred outflows and inflows of resources related to OPEB.

*Net Position/Fund Balances* – In the government-wide financial statements, net position is restricted when constraints placed on the use of resources are externally imposed. Governmental fund balances are classified as restricted when constraints are placed on the use of resources by creditors, grantors, contributors, or laws or regulations of other governments. Committed fund balances include resources which are subject to limitations the City imposes on itself by action of City Council through ordinances. Committed fund balances also include contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Commitments may be established, modified, or rescinded only through ordinances approved by City Council. Assigned fund balances are constrained by an intent to be used for specific purposes but are neither restricted nor committed. In Resolution No. 16, Series of 2010, the City Council delegated authority for the establishment of assigned fund balances to the City Administrator and the Finance Director, acting jointly.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the City considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the City considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless City Council has provided otherwise in its commitment or assignment actions.

**Property Taxes**

Property taxes normally attach as an enforceable lien on property on January 1, are levied the following December, and are collected in the subsequent calendar year. Taxes are payable in full on April 30, or in two installments on February 28 and June 15. The County Treasurer's Office collects property taxes and remits to the City on a monthly basis. When taxes become delinquent, the property is sold on the tax sale date.

**Contraband Forfeitures**

The Colorado Contraband Forfeiture Act allows law enforcement agencies to retain proceeds from the seizure of contraband. All such transactions are recorded in the Police Forfeiture Special Revenue Fund. The proceeds are not subject to appropriation in the budget process. Property and equipment seized are recorded as capital assets.

**NOTE 2: Cash and Investments**

At December 31, 2024, the City had the following cash and investments:

Cash on Hand	\$ 3,740
Deposits	21,697,553
Investments	<u>27,557,356</u>
Total	<u><u>\$ 49,258,649</u></u>

**CITY OF CAÑON CITY, COLORADO**  
**NOTES TO THE FINANCIAL STATEMENTS**  
December 31, 2024

**NOTE 2: Cash and Investments (Continued)**

The cash and investments presented in the financial statements as of December 31, 2024, are as follows:

Cash and Investments	\$ 48,073,261
Discretely Presented Component Unit (CCARE)	<u>1,185,388</u>
<b>Total</b>	<b><u>\$ 49,258,649</u></b>

**Deposits**

The Colorado Public Deposit Protection Act (PDPA) requires local government entities to deposit cash in eligible public depositories. Eligibility is determined by State regulations. Amounts on deposit in excess of federal insurance levels must be collateralized by eligible collateral as determined by the PDPA. The PDPA allows the financial institution to create a single collateral pool for all public funds held. The pool is to be maintained by another institution or held in trust for all uninsured public deposits as a group. The market value of the collateral must be at least equal to 102% of the uninsured deposits. At December 31, 2024, the City and CCARE had bank deposits of \$19,048,839 and \$941,741, respectively, collateralized with securities held by the financial institution's agent but not in the City's and CCARE's name.

**Investments**

The City is required to comply with State statutes which specify investment instruments meeting defined rating, maturity, and concentration risk criteria in which local governments may invest, which include the following. State statutes do not address custodial risk.

- Obligations of the United States and certain U.S. Agency securities
- Certain international agency securities
- General obligation and revenue bonds of U.S. local government entities
- Bankers' acceptances of certain banks
- Commercial paper
- Written repurchase agreements collateralized by certain authorized securities
- Certain money market funds
- Guaranteed investment contracts
- Local government investment pools

*Fair Value Measurements* – At December 31, 2024, the City's investments in the local government investment pool were reported at the net asset value per share. In addition, the City's money markets were measured utilizing the fair value hierarchy at Level 2 as inputs other than quoted prices.

The fair value measurements are categorized by the fair value hierarchy. Valuation inputs are used to measure the fair value of the asset to determine the appropriate category. The categories range from Level 1, which is the highest priority, to Level 3, which is the lower priority and are based on the following criteria:

Level 1 – Unadjusted quoted prices for identical instruments in active markets.

Level 2 – Quoted prices for similar instruments in the active markets; quoted prices for identical or similar instruments in markets that are not active; and model-derived valuations in which all significant inputs are observable.

Level 3 – Valuations derived from valuation techniques in which significant inputs are observable.

*Interest Rate Risk* – State statutes generally limit investments to an original maturity of five years from the date of purchase unless the governing board authorizes the investment for a period in excess of five years.

**CITY OF CAÑON CITY, COLORADO**  
**NOTES TO THE FINANCIAL STATEMENTS**  
December 31, 2024

**NOTE 2: Cash and Investments (Continued)**

**Investments (Continued)**

*Credit Risk* – State statutes limit investments in money market funds to those that maintain a constant share price, with a maximum remaining maturity, and either have assets of one billion dollars or the highest rating issued by one or more nationally recognized statistical rating organizations (NRSROs).

The City's investments in the First American Money Market Fund was rated Aaa-mf by Moody's Rating Agency, a nationally recognized statistical rating organization (NSRO) with a total of \$12,942.

*Concentration of Credit Risk* – State statutes do not limit the amount the City may invest in a single issuer of investment securities, except for corporate securities.

*Local Government Investment Pool* – At December 31, 2024, the City had \$13,106,604 invested in the Colorado Surplus Asset Fund Trust (CSAFE) and \$14,437,810 invested in the Colorado Local Government Liquid Asset Trust Plus (ColoTrust), investment vehicles established for local government entities in Colorado to pool surplus funds (the Pools). The Colorado Division of Securities administers and enforces the requirements of creating and operating the Pools. ColoTrust and CSAFE are measured at the net asset value per share, with each share valued at \$1 for ColoTrust and \$2 for CSAFE. ColoTrust is rated AAAm by Standard and Poor's, and CSAFE is rated AAAmf by Fitch Ratings. Investments of the Pools is limited to those allowed by State statutes. A designated custodial bank provides safekeeping and depository services in connection with the direct investment and withdrawal functions. The custodian's internal records identify the investments owned by the participating governments.

**NOTE 3: Lease Receivable**

In 2017, the City has entered into a site lease agreement as a lessor with American Tower Asset Sub, LLC for the right to use City's property for a period of five years with six additional five-year renewal options to be exercised by American Tower Asset Sub, LLC. The City accrued a receivable for this lease including all renewal options. Payments are received annually with a 3% escalator through July 31, 2025. Interest rate on the lease was 3.03% per annum based on the City's incremental borrowing rate at implementation date. At December 31, 2022, the initial balance of, both, the lease receivable and deferred inflows of resources was reported in the amount of \$741,522. In 2024, the City received \$26,341, including principal and interest receipts of \$3,967 and \$22,374, respectively, and amortized \$24,717. At December 31, 2024, the lease receivable and deferred inflows of resources balances were \$734,449 and \$692,008, respectively.

Lease receivable payments to maturity are as follows:

<u>Year Ended December 31,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2025	\$ 4,878	\$ 22,254	\$ 27,132
2026	5,839	22,106	27,945
2027	6,855	21,929	28,784
2028	7,926	21,722	29,648
2029	9,055	21,481	30,536
2030-2034	64,448	102,540	166,988
2035-2039	103,030	90,554	193,584
2040-2044	152,315	72,102	224,417
2045-2049	214,741	45,419	260,160
2050-2052	165,362	10,224	175,586
<b>Total</b>	<b>\$ 734,449</b>	<b>\$ 430,331</b>	<b>\$ 1,164,780</b>

**CITY OF CAÑON CITY, COLORADO**  
**NOTES TO THE FINANCIAL STATEMENTS**  
December 31, 2024

**NOTE 4: Capital Assets**

Capital asset activity for the year ended December 31, 2024, is summarized below:

	Balance 12/31/2023	Additions	Deletions	Balance 12/31/2024
<b>Governmental Activities</b>				
Capital Assets, Not Being Depreciated / Amortized:

**NOTES TO THE FINANCIAL STATEMENTS**  
December 31, 2024

**NOTE 5: Long-Term Debt (Continued)**

**Governmental Activities (Continued)**

*Financed Purchases*

In March 2021, the City entered into a financed purchase agreement with U.S. Bancorp Government Leasing and Finance Inc. for the acquisition of police vehicles valued at \$372,334. Payments are made quarterly in the amount of \$19,383 for a period of five years, with interest at 1.64% per annum. In 2024, the City paid \$77,534, including principal and interest of \$75,318 and \$2,216, respectively. Police vehicles have an estimated useful life of fifteen years.

In April 2022, the City entered into a financed purchase agreement with U.S. Bancorp Government Leasing and Finance Inc. for the acquisition of additional police vehicles valued at \$240,000. Payments are made quarterly in the amount of \$13,040 for a period of five years, with interest at 3.22% per annum. In 2024, the City paid \$52,160, including principal and interest of \$47,188 and \$4,972, respectively. The police vehicles had an estimated useful life of fifteen years.

In January 2023, the City entered into a financed purchase agreement with U.S. Bancorp Government Leasing and Finance Inc. for the acquisition of a dump truck and backhoe valued at \$320,000. Payments are made quarterly in the amount of \$28,530 for a period of three years, with interest at 5.01% per annum. In 2024, the City paid \$114,119, including principal and interest of \$105,260 and \$8,859, respectively. The dump truck and backhoe had an estimated useful life of fifteen years.

In January 2023, the City entered into a financed purchase agreement with U.S. Bancorp Government Leasing and Finance Inc. for the acquisition of additional police vehicles valued at \$400,000. Payments are made quarterly in the amount of \$22,493 for a period of five years, with interest at 5.09% per annum. In 2024, the City paid \$89,972, including principal and interest of \$74,907 and \$15,065, respectively. The additional police vehicles had an estimated useful life of fifteen years.

In April 2024, the City entered into a financed purchase agreement with U.S. Bancorp Government Leasing and Finance Inc. for the acquisition of additional police vehicles valued at \$150,000. Payments are made quarterly in the amount of \$13,569 for a period of five years, with interest at 5.14% per annum. In 2024, the City paid \$27,137, including principal and interest of \$23,431 and \$3,706, respectively. The additional police vehicles had an estimated useful life of fifteen years.

In 2021, the City entered into a financed purchase agreement with Axon Enterprise Inc. for the acquisition of police body cameras and interview room cameras valued at \$173,543. In addition, in 2023 and 2024, the City amended the agreement to obtain police vehicle dash and body cameras valued at \$164,373 and \$16,621, respectively. The total value of the equipment is \$354,536. Payments are made annually in the amount of \$101,928 through 2025 and \$38,767 in 2026 and 2027 with implied interest rate for the interview room equipment and body camera equipment at 1.55% per annum and dash camera equipment at 5.01% per annum. The equipment has an estimated useful life of five years. At December 31, 2024, the equipment had a net book value of \$167,199, with a 2024 depreciation expense of \$96,633. Financed purchase payments to maturity are as follows:

<u>Year Ended December 31,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2025	\$ 459,010	\$ 30,978	\$ 489,988
2026	238,893	15,654	254,547
2027	176,478	5,469	181,947
<b>Total</b>	<b>\$ 874,381</b>	<b>\$ 52,101</b>	<b>\$ 926,482</b>

**CITY OF CAÑON CITY, COLORADO**  
NOTES TO THE FINANCIAL STATEMENTS  
December 31, 2024

**NOTE 5: Long-Term Debt (Continued)**

**Governmental Activities (Continued)**

*Subscription-Based Information Technology Arrangements (SBITAs)*

In 2021, as part of the financed purchase agreement, the City entered into an agreement with Axon Enterprise Inc. for the subscription-based information technology arrangements (SBITAs) and the related right-to-use assets for data storage and other similar subscriptions. At January 1, 2023, these SBITAs were valued at \$139,825. In 2023 and 2024, the City amended the agreement to obtain police vehicle dash and body cameras that included subscription assets and corresponding liabilities valued at \$98,582 and \$119,066, respectively. The total value of the equipment is \$357,473. Payments are made annually in amounts ranging from \$43,757 to \$90,233 through 2027, with an implied interest rate for the interview room equipment and body camera equipment at 1.55% per annum and dash camera equipment at 5.01% per annum. The estimated useful life of this subscription is for the remainder of the agreement or five years. At December 31, 2024, the equipment had a net book value of \$190,028, with 2024 amortization expense of \$101,120.

In 2023, the City entered into a SBITA with Springbrook Holding Company, LLC valued at \$142,300 for the right-to-use software to manage and automate the City's business processes. Payments are made annually in the amount of \$49,770 for a period of three years, with an implied interest rate at 5.01% per annum. In 2024, the City made principal and interest payments in the amount of \$45,134 and 4,636, respectively. The right-to-use asset had an estimated useful life of three years. At December 31, 2024, the SBITAs had a net book value of the right-to-use asset of \$47,433, which included an amortization expense in the amount of \$47,433 in 2024. At December 31, 2024, remaining principal balance of the SBITA liability was \$47,395.

In 2023, the City entered into a SBITA with Tyler Technologies valued at \$127,904 for the right-to-use the Tyler Courts software product to manage the City's municipal court cases. Payments are made annually in the amount of \$44,725 for a period of three years, with an implied interest rate at 5.01% per annum. In 2024, the City made principal and interest payments in the amount of \$40,568 and \$4,167, respectively. The right-to-use asset had an estimated useful life of three years. At December 31, 2024, the SBITAs had a net book value of the right-to-use asset of \$42,601, which included an amortization expense in the amount of \$42,635 in 2024. At December 31, 2024, the remaining principal balance of the SBITA liability was \$42,601.

In 2023, the City entered into a SBITA with Insight Public Sector for the right-to-use Microsoft software licenses valued at \$220,702. Payments are made annually in amounts ranging from \$72,406 to \$80,973 for a period of three years, with an implied interest rate at 5.01% per annum. In 2024, the City made principal and interest payments in the amount of \$71,185 and \$7,430, respectively. The right-to-use asset had an estimated useful life of three years. At December 31, 2024, the SBITAs had a net book value of the right-to-use asset of \$73,567, which included an amortization expense in the amount of \$73,567 in 2024. At December 31, 2024, the remaining principal balance of the SBITA liability was \$77,110.

In 2023, the City entered into a SBITA with Safeware Inc. for the right-to-use software licenses valued at \$56,848. The City prepaid the software license for a period of five years in the amount of \$56,848. The right-to-use asset had an estimated useful life of five years. At December 31, 2024, the right-to-use asset had a net book value of \$34,109, which included an amortization expense in the amount of \$11,370 in 2024.

In 2024, the City entered into a SBITA with Flock Group for the right-to-use license plate reader technology valued at \$88,128. Payments are made annually in the amount of \$45,000 for a period of two years, with an implied interest rate at 4.34% per annum. In 2024, the City made an initial principal interest payment of \$45,000. The right-to-use asset had an estimated useful life of two years. At December 31, 2024, the SBITAs had a net book value of the right-to-use asset of \$44,064, which included an amortization expense in the amount of \$44,064 in 2024. At December 31, 2024, the remaining principal balance of the SBITA liability was \$43,128.

**CITY OF CAÑON CITY, COLORADO**  
**NOTES TO THE FINANCIAL STATEMENTS**  
December 31, 2024

**NOTE 5: Long-Term Debt (Continued)**

**Governmental Activities (Continued)**

In 2024, the City entered into a SBITA with OpenGov for the right-to-use asset management software valued at \$145,237. Payments are made annually in amounts ranging from \$48,237 to \$53,181 for a period of three years, with an implied interest rate at 4.62% per annum. In 2024, the City made an initial principal interest payment of \$48,237. The right-to-use asset had an estimated useful life of three years. At December 31, 2024, the SBITAs had a net book value of the right-to-use asset of \$96,825, which included an amortization expense in the amount of \$48,412 in 2024. At December 31, 2024, the remaining principal balance of the SBITA liability was \$97,000. SBITA payments to maturity are as follows:

<u>Year Ended December 31,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2025	\$ 346,635	\$ 22,159	\$ 368,794
2026	94,589	6,909	101,498
2027	45,980	2,337	48,317
<b>Total</b>	<b>\$ 487,204</b>	<b>\$ 31,405</b>	<b>\$ 518,609</b>

**Business-Type Activities**

Following is a summary of long-term debt for business-type activities the year ended December 31, 2024.

	<u>Balance</u>			<u>Balance</u>	<u>Due in</u>
	<u>12/31/2023</u>	<u>Additions</u>	<u>Deletions</u>	<u>12/31/2024</u>	<u>One Year</u>
<b>Business-Type Activities</b>

Compensated Absences	182,306	3,093	-	185,399	184,351
<b>Long-Term Debt, Business-Type Activities</b>	<b>\$ 14,038,673</b>	<b>\$ 3,093</b>	<b>\$ 1,122,049</b>	<b>\$ 12,919,717</b>	<b>\$ 1,307,334</b>

*Financed Purchases*

In December 2020, the City entered into a financed purchase agreement with U.S. Bancorp Government Leasing and Finance Inc. for the acquisition of a vactor truck valued at \$500,513. Payments are made quarterly in the amount of \$26,117 for a period of five years, with interest at 1.64% per annum. The vactor truck has an estimated useful life of fifteen years. In 2024, the City paid \$104,468, including principal and interest of \$101,312 and \$3,156, respectively. Financed purchase payments to maturity are as follows:

<u>Year Ended December 31,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2025	\$ 102,983	\$ 1,484	\$ 104,467
2026	26,010	107	26,117
<b>Total</b>	<b>\$ 128,993</b>	<b>\$ 1,591</b>	<b>\$ 130,584</b>

*Certificates of Participation*

On March 28, 2019, the City issued the Certificates of Participation, Series 2019, in the amount of \$7,470,000 to finance the acquisition and improvements of certain storm water improvements. Principal payments are due annually on December 1, through 2038. Interest payments are due semi-annually on June 1<sup>st</sup> and December 1<sup>st</sup>, with interest accruing at rates ranging from 4% to 5% per annum. The property financed (leased) is pledged in case of default in addition to storm water revenues derived by the City for the payment of the principal and interest.

**CITY OF CAÑON CITY, COLORADO**  
**NOTES TO THE FINANCIAL STATEMENTS**  
December 31, 2024

**NOTE 5: Long-Term Debt (Continued)**

**Business-Type Activities (Continued)**

On May 25, 2017, the City issued the Refunding and Improvement Certificates of Participation, Series 2017, in the amount of \$11,290,000 to refund the Certificates of Participation, Series 2008, which were used to finance construction, acquisition, and improvements to the City's water treatment plant. In addition, the City used proceeds of \$850,537 to finance water-related capital improvements. Principal payments are due annually on December 1, through 2032. Interest payments are due semi-annually on June 1<sup>st</sup> and December 1<sup>st</sup>, with interest accruing at rates ranging from 2.81% per annum. The property financed (leased) is pledged in case of default in addition to water revenues derived by the City for the payment of the principal and interest. Certificates of participation payments to maturity are as follows:

<u>Year Ended December 31,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2025	\$ 1,020,000	\$ 420,661	\$ 1,440,661
2026	1,050,000	388,250	1,438,250
2027	1,085,000	351,628	1,436,628
2028	1,125,000	313,584	1,438,584
2029	1,160,000	274,087	1,434,087
2030-2034	4,625,000	812,143	5,437,143
2035-2038	<u>2,040,000</u>	<u>208,000</u>	<u>2,248,000</u>
Total	<u>\$ 12,105,000</u>	<u>\$ 2,768,353</u>	<u>\$ 14,873,353</u>

**NOTE 6: Interfund Balances and Transfers**

On February 25, 2017, the General Fund, Cemetery Fund, and the Water Fund provided interfund loans to the Street Improvement Fund in the amount of \$1,000,000, \$2,000,000, and 2,000,000, totaling \$5,000,000, for the purpose of reconstructing streets. Principal and interest payments are made annually on December 31, 2018, through 2026. Variable interest accrues based on the City's investment rate plus 0.5%. Payments for the interfund loan will be made annually over 10 years from the collections on the 1% voter-approved sales tax increase, also known as Referendum 2A. In 2024, the Street Improvement Fund made principal payments of \$555,557. At December 31, 2024, the outstanding balance of the loan was \$1,111,108.

In 2020, the Cemetery Fund provided an interfund loan to the CCARE Fund in the amount of \$500,000 to finance urban renewal projects and loans from the Cemetery Fund in the amount of \$500,000 were made to CCARE for staffing and consultants in connection with the undertakings and activities of CCARE. Principal and interest payments are made monthly from CCARE's sales and property tax revenues through December 31, 2030. Interest accrues at 1% per annum. At December 31, 2024, the outstanding balance of the interfund loan was \$383,825.

At December 31, 2024, transfers between funds consisted of the following:

Transfers In	Transfers Out	Amount
General	Water	\$ 1,102,488
General	Stormwater Utility	495,000
General	Police Forfeiture	4,090
General	Excess SID	15,000
Quality of Life	Park Improvement	347,831
Water	General	731,689
Stormwater	General	152,004
Total		\$ 2,848,102

**CITY OF CAÑON CITY, COLORADO**  
NOTES TO THE FINANCIAL STATEMENTS  
December 31, 2024

**NOTE 6: Interfund Balances and Transfers (Continued)**

Water Fund and Stormwater Utility Funds transferred \$1,597,488 to the General Fund as a charge for administrative services based on the City's cost allocation plan across departments and funds. Park Improvement Fund contributed \$347,831 to the Quality of Life Fund for construction of a maintenance building. The General Fund contributed to the Water Fund and Stormwater Fund to subsidize capital projects. Excess Special Improvement District Fund and Police Forfeiture contributed to the General Fund in the amount of \$15,000 and \$4,090, respectively.

**NOTE 7: Risk Management**

*Public Entity Risk Pool*

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; injuries to employees; and natural disasters. The City participates in the Colorado Intergovernmental Risk Sharing Agency (CIRSA), a separate and independent governmental and legal entity formed by intergovernmental agreement by member municipalities pursuant to the provisions of 24-10-115.5, Colorado Revised Statutes (1982 Replacement Volume) and the Colorado Constitution, Article XIV, Section 18(2).

The purposes of CIRSA are to provide members defined liability, property, and workers compensation coverages and to assist members in preventing and reducing losses and injuries to municipal property and to persons or property which might result in claims being made against members of CIRSA, their employees, and officers.

It is the intent of the members of CIRSA to create an entity in perpetuity which will administer and use funds contributed by the members to defend and indemnify, in accordance with the bylaws, any member of CIRSA against stated liability of loss, to the limit of the financial resources of CIRSA. It is also the intent of the members to have CIRSA provide continuing stability and availability of needed coverages at reasonable costs. All income and assets of CIRSA shall be at all times dedicated to the exclusive benefit of its members. CIRSA is a separate legal entity, and the City does not approve budgets, nor does it have the ability to significantly affect the operations of CIRSA.

*Self-Insured Medical Plan*

The City manages a health insurance plan that provides medical, dental, and vision benefits to eligible employees and dependents reported in the internal service fund. The City maintains stop-loss insurance for losses in excess of \$100,000 per claim. Employees are required to participate in medical, dental, and vision insurance plans. The City pays a portion of the insurance premiums as determined periodically by the City Council. The remainder of the insurance premiums are paid by the employees through payroll deductions. The City contracts with an administrator to manage the City's medical insurance claims.

Claim liabilities, including incurred but not reported (IBNR) claims, are based on the estimated cost of claims, including the effects of inflation and other societal and economic factors, using past experience adjusted for current trends, and any other factors that would modify past experience. Expenses and liabilities are estimated through a case-by-case review of claims and application of historical experience for outstanding claims. At December 31, 2024, summary of claims activity is as follows:

Claims Payable at December 31, 2022	212,100
Claims Incurred and Adjustments	1,807,216
Claims Paid	<u>(1,837,216)</u>
Claims Payable at December 31, 2023	182,100
Claims Incurred and Adjustments	(4,100,891)
Claims Paid	<u>4,724,791</u>
Claims Payable at December 31, 2024	<u><u>\$ 806,000</u></u>

**CITY OF CAÑON CITY, COLORADO**  
**NOTES TO THE FINANCIAL STATEMENTS**  
December 31, 2024

**NOTE 8: Employee Retirement Plans**

**Police Pension Plan**

*Plan Description* - The City contributes to the Statewide Retirement Plan (the SRP Plan), a cost-sharing multiple-employer defined benefit pension plan. The SRP Plan is administered by the Fire & Police Pension Association of Colorado (FPPA). All police officers are required to participate in the plans on the first day of employment.

Eligible employees hired after April 1, 2007, are required to participate in the SRP Plan. Title 31, Article 31 of the Colorado Revised Statutes (CRS) grants the authority to establish and amend benefit terms to the FPPA Board of Directors. FPPA issues a publicly available financial report that includes information on the plans. That report may be obtained at [www.fppaco.org](http://www.fppaco.org).

*Benefits Provided* - An SRP Plan member is eligible for a normal retirement pension once the member has completed 25 years of credited service and has attained the age of 55. A member may also qualify for a normal retirement pension if the member's combined years of service and age are equal to at least 80, with a minimum age of 50 (Rule of 80).

The annual retirement benefit component is 2% of the average number of the members' highest three years' salary for each year of credit service up to ten years, plus 2.5% of the average of the member's highest three years' base salary for each year of service thereafter. Beginning January 1, 2007, the annual normal retirement benefit for the Social Security Component is 1% of the average of the member's highest three years base salary for each year of credited service up to ten years plus 1.25% of the average of the members' highest three years' base salary for each year thereafter. Prior to 2007, the benefit for members of the Social Security Component will be reduced by the amount of social security income the member receives annually, calculated as if the social security benefit started as of age 62.

Benefit adjustments paid to retired members are evaluated annually and may be re-determined every October 1. The amount of any increase is based on the Board's discretion and can range from 0% to the higher of 3% or the Consumer Price Index for Urban Wage Earners and Clerical Workers (CPI-W).

A member is eligible for early retirement after completion of 30 years of service or attainment of age 50 with at least five years of credited service. The early retirement benefit equals the normal retirement benefit reduced on an actuarially equivalent basis. Upon termination, an employee may elect to have member contributions, along with 5% as interest, returned as a lump sum distribution. Alternatively, a member with at least five years of accredited service may leave contributions with the Plan and remain eligible for a retirement pension at age 55 equal to 1% of the member's average highest three years' pensionable earnings for each year of credited service up to ten years, plus 1.25% for each year of service thereafter.

*Contributions* – The FPPA Board of Directors sets contribution rates at a level that enables all benefits to be fully funded at the retirement date of all members. Employee contribution rates can be amended by the State Legislature or by election of the membership. The City and eligible employees are required to contribute to the SRP Plan at rates established by State statutes. Employer contribution rates can only be amended by the State Legislature.

Members contribute 12% of base salary. Employer contribution rates will increase 0.5% annually beginning in 2023 through 2030 to a total of 13% of pensionable earnings. Increases will result in a combined contribution rate of 25% of pensionable earnings in 2030. In 2024, the City's contribution to the SRP plan was \$165,582. The City and eligible employees each contributed 10% and 12% of base salary, respectively, for the year ended December 31, 2024.

**CITY OF CAÑON CITY, COLORADO**  
**NOTES TO THE FINANCIAL STATEMENTS**  
December 31, 2024

**NOTE 8: Employee Retirement Plans (Continued)**

**Police Pension Plan (Continued)**

*Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions*

At December 31, 2024, the City reported a net pension liability of \$0 for its proportionate share of the SRP Plan. The net pension liability was measured at December 31, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of January 1, 2024. The City's proportion of the net pension liability was based on a projection of the City's contributions to the Plan for the calendar year ended December 31, 2023, relative to the projected contributions of all participating employers. At the measurement date of December 31, 2023, the City's proportion was 0.25734143%, which was a decrease of 0.00990977% from its proportion measured at December 31, 2022, measurement date. For the year ended December 31, 2024, the City recognized pension expense (income) of \$239,386. General Fund will be used to liquidate the Net Pension Liability. At December 31, 2024, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 490,092	\$ 23,548
Changes of assumptions	284,273	-
Net difference between projected and actual		
earnings on plan investments	351,841	-
Changes in proportion	86,072	121,523
Contributions subsequent to the measurement date	<u>294,462</u>	-
Total	<u>\$ 1,506,740</u>	<u>\$ 145,071</u>

City contributions subsequent to the measurement date of \$294,462 will be recognized as a reduction of the net pension liability in the subsequent fiscal year. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized as pension expense as follows:

Year Ended December 31,	
2025	\$ 181,073
2026	269,896
2027	389,232
2028	68,509
2029	58,000
Thereafter	<u>100,497</u>
Total	<u>\$ 1,067,207</u>

*Actuarial Assumptions* - The actuarial valuation as of January 1, 2024, determined the total pension liability using the following actuarial assumptions and other inputs.

Actuarial Method	Entry Age Normal
Investment rate of return, compounded annually, net of plan	
investment expenses, including inflation	7.0%
Inflation	2.5%
Projected salary increases, including inflation	4.25% - 11.25%
Cost of living adjustments (COLA)	0.0%

**CITY OF CAÑON CITY, COLORADO**  
**NOTES TO THE FINANCIAL STATEMENTS**  
December 31, 2024

**NOTE 8: Employee Retirement Plans (Continued)**

**Police Pension Plan (Continued)**

For determining the total pension liability, the post-retirement mortality tables for non-disabled retirees uses the Pub-2010 Safety Healthy Annuitant Mortality Tables projected with the ultimate values of the MP-2020 projection scale. The pre-retirement off-duty mortality tables are adjusted to 60% of the MP-2020 mortality tables for active employees, amount-weighted, and then projected with the MP-2020 Ultimate projection scale. The on-duty mortality rate is 0.00015.

For determining the actuarially determined contributions, the post-retirement mortality tables for non-disabled retirees uses the Pub-2010 Safety Healthy Annuitant Mortality Tables projected with the ultimate values of the MP-2020 projection scale. The pre-retirement off-duty mortality tables are adjusted to 50% of the RP-2014 mortality tables for active employees. The on-duty mortality rate is 0.00015.

At least every five years the FPPA's Board of Directors, in accordance with best practices, reviews its economic and demographic actuarial assumptions. At its July 2022 meeting, the Board of Directors reviewed and approved recommended changes to the actuarial assumptions. The recommendations were made by the FPPA's actuaries, Gabriel, Roeder, Smith & Company, based upon their analysis of past experience and expectations of the future. The assumption changes were effective for actuarial valuations beginning January 1, 2023. The actuarial assumptions impact actuarial factors for benefit purposes such as purchases of service credit and other benefits where actuarial factors are used.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation (assumed at 2.5%). Best estimates of arithmetic real rates of return for each major asset class included in the Fund's target asset allocation as of December 31, 2022, are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Global Equity	35%	8.33%
Equity Long/Short	6%	7.27%
Private Markets	34%	10.31%
Fixed Income	10%	5.35%
Absolute Return	5%	5.89%
Managed Futures	9%	6.39%
Cash	1%	4.32%
<b>Total</b>	<b>100%</b>	

*Discount Rate* - The discount rate used to measure the total pension liability was 7%. The projection of cash flows used to determine the discount rate assumed that contributions from participating employers will be made based on the actuarially determined rates based on the Board's funding policy, which establishes the contractually required rates under Colorado statutes. Based on those assumptions, the SRP plan fiduciary net position was projected to be available to make all the projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**CITY OF CAÑON CITY, COLORADO**  
NOTES TO THE FINANCIAL STATEMENTS  
December 31, 2024

**NOTE 8: Employee Retirement Plans (Continued)**

**Police Pension Plan (Continued)**

As of the measurement period ending December 31, 2023, the COLA assumption, which was previously 0%, was revised to reflect the true nature of Board's Benefit Policy, which includes a variable COLA and supplemental payments. Consistent with the Board's policy, the new COLA assumption will fluctuate from year-to-year depending on the plan experience and long-term COLA assumption of greater than 0%, then a COLA assumption of 0% will be used and a Net Pension Liability will be reported.

Projected benefit payments are required to be discounted to their actuarial present values using a single discount rate that reflects (1) a long-term expected rate of return on pension plan investments (to the extent that the plan's fiduciary net position is projected to be sufficient to pay benefits) and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating as of the measurement date (to the extent that the plan's projected fiduciary net position is not sufficient to pay benefits).

For the purpose of this valuation, the expected rate of return on pension plan investments is 7%; the municipal bond rate is 3.77% (based on the weekly rate closest to but not later than the measurement date of the "state & local bonds" rate from Federal Reserve statistical release (H.15)); and the resulting single discount rate is 7%.

Regarding the sensitivity of the net pension liability/(asset) to changes in the single discount rate, the following presents the plan's net pension liability/(asset), calculated using a single discount rate of 7%, as well as what the plan's net pension liability/(asset) would be if it were calculated using a single discount rate that is 1% lower or 1% higher:

	Current		
	1% Decrease (6%)	Discount Rate (7%)	1% Increase (8%)
Proportionate share of the SWDB net pension asset (liability)	\$ 1,443,014	\$ -	\$ -

City employees, other than sworn police officers eligible for the SRP Plan, after six months of continuous employment are required to participate in the City's pre-tax defined contribution pension plan. The City and employees each contribute 4.9% of the employee's base salary to the plan. Employee contributions are 100% vested when paid. City contributions and trust income are fully vested after three years of employment. All plan provisions, including contribution requirements, are established, and may be amended by the City Council. During the fiscal year ended December 31, 2024, the City and employees each contributed \$356,190 to the plan, equal to the required contributions. Employees may make voluntary post-tax contributions to the plan. Mission Square Retirement (formerly ICMA-RC) administers the plan.

The City has established a deferred compensation plan in accordance with Internal Revenue Code Section 457. The City Council determines the City's contributions to the plan. Currently, the City does not contribute to this plan. Employees may make voluntary contributions to this plan. The plan is administered by Mission Square Retirement (formerly ICMA-RC), and all plan assets are held in trust for the exclusive benefit of the participants.

**NOTE 9: Other Postemployment Benefits**

**Statewide Death & Disability Plan**

*Plan Description* - The City contributes to the Statewide Death and Disability Plan (the SD&D Plan), cost sharing multiple-employer defined benefit death and disability plan administered by the Fire & Police Pension Association of Colorado (FPPA). All full-time police officers are members of the plan. Contributions to the plan are used solely for the payment of death and disability benefits. Benefits are established by State statute and generally allow for benefits upon the death or disability of a plan member prior to retirement. FPPA issues a publicly available annual financial report that includes financial statements and required supplementary information for the plan. That report may be obtained at [www.fppaco.org](http://www.fppaco.org).

**CITY OF CAÑON CITY, COLORADO**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**December 31, 2024**

**NOTE 9: Other Postemployment Benefits (Continued)**

**Statewide Death & Disability Plan (Continued)**

Benefits Provided - The plan provides pre-retirement death benefits, as follows:

- Off-duty: 40% of the base salary paid to the member prior to death, with an additional 10% of base salary if a surviving spouse has two or more dependent children.
- On-duty: 70% of the base salary paid to the member prior to death.

Disability benefits are as follows:

- 70% of the base salary preceding disability.
- Permanent occupational disability: 50% of the base salary preceding disability.
- Temporary occupational disability: 40% of the base salary preceding disability for up to 5 years.

Benefit adjustments are granted periodically at the discretion of the FPPA Board of Directors. Total disability retirees receive an automatic increase of 3%. For other annuitants, the increase may reflect CPI, but in no case may be higher than 3%. Once a member is eligible to retire, all plan benefit obligations cease.

*Contributions* - The contribution requirements are established by State statutes. However, in accordance with Colorado Revised Statutes (CRS) 31-31-811(4), the FPPA Board of Directors, based on an annual actuarial valuation, may adjust the contribution rate every two years, but in no event may the adjustment for any two-year period exceed one-tenth of one percent of the member's salary. As of 2020, the FPPA Board may adjust the required contribution rate annually by a maximum of 0.2%.

City Council determines the required contributions for the City and the members to the SD&D Plan and whether the contributions are paid individually or jointly. No contributions are required for members hired prior to January 1, 1997. For members hired on or after January 1, 1997, the City contributed 1.8% of base salaries on behalf of the members during the year ended December 31, 2024, in the amount of \$72,858. Members also contributed 1.06% of base salaries, for a total joint contribution of 2.12%, equal to the required contributions.

The City has no requirement to contribute to the plan and does not receive contributions from a non-employer entity. Therefore, the City does not report a net OPEB liability, or deferred outflows and inflows of resources related to OPEB. Any contributions to the SD&D Plan are considered to be "member contributions."

OPEB Plan Fiduciary Net Position - Detailed information about the plan's fiduciary net position is available in FPPA's separately issued financial report, which may be obtained at [www.fppaco.org](http://www.fppaco.org).

**NOTE 10: Commitments and Contingencies**

**Claims and Judgments**

The City participates in a number of federal, state, and local programs that are fully or partially funded by grants received from other governmental entities. Expenditures financed by grants are subject to audit by the appropriate grantor government. If expenditures are disallowed due to noncompliance with grant program regulations, the City may be required to reimburse the grantor government. At December 31, 2024, significant amounts of grant expenditures have not been audited but management believes that disallowed expenditures, if any, based on subsequent audits will not have a material effect on the overall financial position of the City.

**CITY OF CAÑON CITY, COLORADO**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**December 31, 2024**

**NOTE 10: Commitments and Contingencies (Continued)**

**Tabor Amendment**

In November 1992, Colorado voters passed Article X, Section 20 (the Amendment) to the State Constitution which limits state and local government taxing powers and imposes spending limits. The City is subject to the Amendment.

In November 2017, voters reauthorized the City to continue to collect and retain all revenues from all sources in 2020 and each subsequent year for 10 years and to spend the same, notwithstanding the limitations of the amendment. The City believes it is in compliance with the requirements of the amendment. However, the City has made certain interpretations of the amendment's language in order to determine its compliance.

The Amendment requires the City to establish a reserve for emergencies, representing 3% of qualifying expenditures with the exception Street Improvement Fund, explained in the following paragraph. At December 31, 2024, the City's emergency reserve was reported as restricted fund balance in the General Fund in the amount of \$429,261.

**Litigation**

The City from time to time is involved in various legal matters. In the opinion of the City's counsel, there are no pending legal issues that would have a material adverse effect on the financial condition of the City.

**NOTE 11: Asset Retirement Obligation**

The City owns and operates a Water Treatment Facility, which utilizes a residual drying bed impoundment that produces solid waste. The Colorado Department of Public Health and Environment (the Department) has required the City to comply with its regulations (6 CCR 1007- 2) requiring the City to establish financial assurances sufficient to ensure payment of closure and post-closure costs for the impoundment.

The City does not expect the impoundment to be closed in the foreseeable future. However, in accordance with the aforementioned regulations, the City has estimated the closure and post-closure costs for 22 years at approximately \$909,999. The City will be required to maintain adequate financial assurance coverage for these costs continuously until a release is granted by the Department. At December 31, 2024, no contamination has been identified.

The liability and the related deferred outflows of resources is based on estimated costs, including costs to remove, clean, and remediate the drying bed impoundment when retired. Estimated deferred outflows of resources are being amortized on a straight-line basis over the estimated remaining useful life of 22 years. At December 31, 2024, the estimated asset retirement obligation liability was \$909,999. The City has set aside resources in the Water Fund to finance the estimated liability in the future.

**CITY OF CAÑON CITY, COLORADO**  
NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION  
December 31, 2024

**NOTE 1: Stewardship, Compliance, and Accountability**

**Budgetary Information**

Budgets are adopted for all funds on a basis consistent with generally accepted accounting principles. The City adheres to the following procedures to establish the budgetary information reflected in the financial statements.

- In October, management submits to the City Council a proposed operating budget for the fiscal year commencing the following January 1. The operating budget includes proposed expenditures and the means of financing them.
- Public hearings are conducted to obtain taxpayer comments.
- Prior to December 31, the budget is legally enacted through passage of an ordinance.
- Expenditures may not legally exceed appropriations at the fund level. Any budget revisions that alter the total expenditures of any fund must be approved by the City Council.
- Budgets are legally adopted for all funds of the City except the Public Improvement Districts Fund, the Police Forfeiture Fund, and the Cemetery Fund. Budgets for the governmental funds are adopted on a basis consistent with generally accepted accounting principles (GAAP) except for certain interfund transactions that are reported as revenues and expenditures on a budgetary basis but not the GAAP basis of accounting. Budgetary comparisons presented for the Proprietary Funds are presented on a non-GAAP budgetary basis. Debt principal is recognized as an expenditure for budgetary purposes. Capital outlay is budgeted as an expenditure, and depreciation and amortization are not budgeted.
- All budget appropriations lapse at fiscal year-end.

**Contraband Forfeitures**

The Colorado Contraband Forfeiture Act allows law enforcement agencies to retain proceeds from the seizure of contraband. All such transactions are recorded in the Police Forfeiture Special Revenue Fund. The proceeds are not subject to appropriation in the budget process. Property and equipment seized are recorded as capital assets.

**NOTE 2: Significant Assumptions in the Actuarially Determined Pension Plan**

An actuarial valuation is performed every two years to determine the pension benefit obligation. The latest available actuarial valuation was performed as of January 1, 2024. The measurement date was December 31, 2023. The following assumptions were used in computing the pension benefit obligation for this plan:

Actuarial Valuation Date	January 1, 2024
Actuarial Method	Entry Age Normal
Amortization Period	30 Years
Investment rate of return, compounded annually, net of plan investment expenses, including inflation	7.0%
Inflation	2.5%
Projected salary increases, including inflation	4.25% - 11.25%
Cost of living adjustments (COLA)	0.0%
includes inflation at	2.5%

For determining the total pension liability, the post-retirement mortality tables for non-disabled retirees uses the Pub-2010 Safety Healthy Annuitant Mortality Tables projected with the ultimate values of the MP-2020 projection scale. The pre-retirement off-duty mortality tables are adjusted to 60% of the MP-2020 mortality tables for active employees, amount-weighted, and then projected with the MP-2020 Ultimate projection scale. The on-duty mortality rate is 0.00015.

**CITY OF CAÑON CITY, COLORADO**  
**NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION**  
**December 31, 2024**

**NOTE 2: Significant Assumptions in the Actuarially Determined Pension Plan (Continued)**

For determining the actuarially determined contributions, the post-retirement mortality tables for non-disabled retirees uses the Pub-2010 Safety Healthy Annuitant Mortality Tables projected with the ultimate values of the MP-2020 projection scale. The pre-retirement off-duty mortality tables are adjusted to 50% of the RP-2014 mortality tables for active employees. The on-duty mortality rate is 0.00015.

At least every five years the FPPA's Board of Directors, in accordance with best practices, reviews its economic and demographic actuarial assumptions. At its July 2022 meeting, the Board of Directors reviewed and approved recommended changes to the actuarial assumptions. The recommendations were made by the FPPA's actuaries, Gabriel, Roeder, Smith & Company, based upon their analysis of past experience and expectations of the future.

The assumption changes were effective for actuarial valuations beginning January 1, 2023. The actuarial assumptions impact actuarial factors for benefit purposes such as purchases of service credit and other benefits where actuarial factors are used.

Disabled mortality assumptions were based upon the 2006 central rates from the RP-2014 Disabled Mortality Tables for males and females projected to 2018 using the MP-2017 projection scales and then projected prospectively using the ultimate rates of the scale for all years.

The actuarial assumptions shown above are associated with the Actuarially Determined Contribution for the Fiscal Year Ending December 31, 2023. The actuarial assumptions were changed for the Actuarial Valuation as of January 1, 2024, and as such, the Total Pension Liability was measured using those assumptions for the fiscal year ended December 31, 2024, with a one-year lag.

**City of Cañon City, Colorado**  
**Statistical Section**  
**Table of Contents**  
**December 31, 2024**

This part of the City of Cañon City's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures and required supplementary information says about the City's overall financial health.

<b><u>Contents</u></b>	<b><u>Pages</u></b>
<b><i>Financial Trends</i></b>	
These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time. ....	59-64
<b><i>Revenue Capacity</i></b>	
These schedules contain information to help the reader assess the City's most significant revenue sources. ....	65-72
<b><i>Debt Capacity</i></b>	
These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the ability to issue additional debt in the future. ....	73-76
<b><i>Demographic and Economic Information</i></b>	
These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place. ....	77-79
<b><i>Operating Information</i></b>	
These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs. ....	80-81

**Sources:** Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

**Source: City of Canon City, Colorado, audited financial statements, 2015-2024.**

Notes:

(a) In 2016 voters passed Referendum 2A allowing City Council to increase sales tax from 2% to 3% effective January 1, 2017. The additional 1% sales tax collected is for improving City streets. The negative unassigned fund balance in the Street Improvement Fund is because a \$5,000,000 interfund loan was received for street improvement projects. The interfund loan will be repaid from future sales and use tax revenues, which will eliminate the negative fund balance.

**Source: Fremont County Assessor.**

(a) Multi family was previously reported in residential property. In 2022 it became its own category.

(b) Total Direct Tax Rate equals Mill Levy. Mill levy is property tax revenue divided by total assessed value.

Note: Property in Fremont County is revalued every odd numbered year.

Colorado SB21-293 was passed in June of 2021 which set the assessment rates for tax years 2022 through 2025. The rates by year are as follows:

Year	Residential					
	Vacant Land	Property	Multi Family	Commercial	Industrial	Agricultural
2022	29.00%	6.95%	6.80%	29.00%	29.00%	26.40%
2023	27.90%	6.77%	6.77%	27.90%	27.90%	26.40%
2024	27.90%	6.95%	6.80%	27.90%	27.90%	26.40%
2025	27.00%	TBD	TBD	27.00%	27.00%	27.00%

**Source: Colorado Department of Local Affairs annual report: Property Tax Entities by County**

**Notes:**

- (a) The City's basic property tax rate, except for taxes abated and refunded, may be increased only by a majority vote of the City of Cañon City residents.
- (b) Overlapping rates are those of local and county governments that apply to property owners of the City of Cañon City.
- (c) Voter approved property tax increase in 2014.
- (d) The City of Cañon City does not rely on property taxes as a major source of funding for governmental activities. The City's property tax rate is lower than the statewide average municipal mill levy of 7.708.
- (e) Voter approved property tax increase in 2017.
- (f) Voter approved property tax increase in 2018.

Source: City of Cañon City, Colorado, audited financial statements, 2015-2024 and Royal Gorge

Company of Colorado Year-End Review, 2015-2024.

Notes:

(1) The United States Congress granted the Royal Gorge Park, consisting of 5,300 acres, to the City of Cañon City in 1906. These lands are to be held by the City solely for park purposes and for the use and benefit of the public. In 1929, the Royal Gorge Bridge was constructed. This bridge is 1,053 feet above the Arkansas River and is the highest suspension bridge in the United States.

(2) A lease between the City and the Royal Gorge Company has been in effect since 1967. The leased premises include approximately 100 acres of land owned by the City, numerous shops serving food and beverages and selling merchandise, an aerial tramway, the Royal Rush Skycoaster, a zipline across the Royal Gorge and the famous Royal Gorge Bridge. Under the lease ("Bridge Rental Agreement"), the City receives 25% of all admission charges and 10% of the gross revenue from all sales of food, beverages and merchandise within the attraction. The Bridge Rental Agreement is renewable annually at the election of the Royal Gorge Company until October 31, 2026.

**Source: City of Cañon City, Colorado, audited financial statements, 2015-2024 and Water Utility Billing Records, 2015-2024**

(a) Effective May 1, 2010, the City implemented a cost-based increasing bulk water rate schedule.

(b) Effective May 1, 2010 monthly maintenance fee as described in (b) above was discontinued except for buildings under new construction. Water accounts where water is turned off began paying monthly meter charge which is included in Metered Water Sales.

(c) A significant amount of grant revenue is included in the 2014 non-operating revenue. The City obtained a number of Federal and State grants to provide funding for emergency mitigation, stabilization and reclamation within the City's watershed for damage sustained from the 2013 Royal Gorge Fire.

(d) Tap fees declined in 2015 due to the City's implementation of policies designed to stimulate the local economy. The implementation of this temporary program provides waivers of tap fees for certain qualifying new residential, commercial or industrial buildings being constructed within the City.

Note: Details regarding the City's outstanding debt can be found in the notes to the financial statements.

- (a) The Cañon City Finance Authority (formerly Canon City Hall Project Corporation), a Colorado non-profit corporation, was formed February 2003 for the purpose of purchasing, leasing or otherwise acquiring certain real property and to construct or install certain improvements in the City and thereafter lease the real property and improvements to the City of Cañon City for public purposes. Certificates of Participation of \$3,400,000 were issued by the Corporation in 2003 to finance the new City Hall building. In 2013 the 2003 Certificates of Participation were paid off when the City entered into a lease/purchase agreement in order to refinance the City Hall debt. During 2008, the Corporation issued \$12,550,000 Certificates of Participation to finance the cost of the acquisition, construction and improvements to the City's water treatment facility. In 2017, the Certificates of Participation, Series 2008, were refunded and new Certificates of Participation, Series 2017 were issued.
- (b) In 2019, the City issued Certificates of Participation, Series 2019, in the amount of \$8,000,000 to make improvements to the City's storm water systems.
- (c) In 2019 a new street sweeper and loader were financed in an equipment lease agreement in the amount of \$340,000 with US Bank for three years.
- (d) See Table 17 for population and per capita income.
- (e) The amount of debt increased due to the implementation of GASB 87 and GASB 96. Restated balance at 12/31/2022 (see Note 12).

Legal Debt Margin as a Percentage of the Debt Limit	100.00%	100.00%	100.00%	100.00%	100.00%	100.00%	100.00%	100.00%	100.00%	100.00%

Note: Details regarding the City's outstanding debt can be found in the notes to the financial statements.

(a) Property value data can be found in Table 5: Assessed Value and Estimated Actual Value of Taxable Property.

(b) Population data can be found in Table 17.

(c) State statutes limit the City's outstanding general debt to no more than 10 percent of the assessed value of the property.

(d) The legal debt margin is the City's available borrowing authority under state statutes and is calculated by subtracting the net debt applicable to the legal debt limit from the legal debt limit.

**DIRECT AND OVERLAPPING DEBT**  
**DECEMBER 31, 2024**  
**(Unaudited)**

**TABLE 16**

<b>Government Entity</b>	<b>Debt Outstanding</b>	<b>Estimated Percentage Applicable (b)</b>	<b>Estimated Share of Overlapping (a) Debt</b>
Fremont County School District RE-1	55,405,725	24.4%	\$ 13,537,357
Cañon City Fire Protection District	13,651,068	6.0%	821,784
Fremont Sanitation District	705,789	0.3%	2,197
Cañon City Recreation District	-	0.0%	-
Fremont County	14,680,000	6.5%	950,335
 Total Overlapping Debt			 15,311,673
 City of Cañon City Direct Debt			 1,221,456
 Total Direct and Overlapping Debt			 <u><u>\$ 16,533,129</u></u>

(a) Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the City. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the City of Cañon City. This process recognizes that when considering the City of Cañon City's ability to issue and repay long-term debt, the entire debt burden by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt of each overlapping government.

(b) For debt repaid with property taxes, the percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of another governmental unit's taxable assessed value that is within the City's boundaries and dividing it by each unit's total taxable assessed value.

## **COMPLIANCE SECTION**

## **SINGLE AUDIT**

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED  
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Honorable Mayor and City Council  
City of Cañon City, Colorado  
Cañon City, Colorado

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, business-type activities, discretely presented component unit, each major fund, and the aggregate remaining fund information of City of Cañon City, Colorado (the City) as of and for the year ended December 31, 2024, and the related notes to the financial statements, which collectively comprise the basic financial statements of the City and have issued our report thereon dated September 30, 2025.

**Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the City's internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies, and, therefore, material weaknesses or significant deficiencies may exist that were not identified.

**Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Honorable Mayor and City Council  
City of Cañon City, Colorado

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this report is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH  
MAJOR FEDERAL PROGRAM, INTERNAL CONTROL OVER COMPLIANCE,  
AND THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS  
REQUIRED BY THE UNIFORM GUIDANCE**

Honorable Mayor and City Council  
City of Cañon City, Colorado  
Cañon City, Colorado

**Report on Compliance for Each Major Federal Program**

**Opinion on Each Major Federal Program**

We have audited the City of Cañon City's (the City) compliance with the types of compliance requirements identified as subject to audit in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* that could have a direct and material effect on each of the City's major federal programs for the year ended December 31, 2024. The City's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the City complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2024.

**Basis for Opinion on Each Major Federal Program**

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the City's compliance with the compliance requirements referred to above.

**Responsibilities of Management for Compliance**

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the City's federal programs.

### **Auditor's Responsibilities for the Audit of Compliance**

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and to express an opinion on the City's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the City's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the City's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the City's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### **Report on Internal Control over Compliance**

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of the City's internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

Honorable Mayor and City Council  
City of Cañon City, Colorado

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**CITY OF CAÑON CITY, COLORADO**  
**NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS**  
Year Ended December 31, 2024

**NOTE 1: Basis of Presentation**

The accompanying schedule of expenditures of federal awards is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, using the modified accrual basis of accounting. Therefore, some amounts presented in this schedule may differ from amounts presented in the financial statements. The City does not charge a de minimis indirect cost rate. Because the schedule presents only a selected portion of the operations of the City, it is not intended to and does not present the financial position, changes in net position or fund balance, or cash flows of the City.

The accompanying schedule of expenditures of federal awards is presented using the modified accrual basis of accounting.

**NOTE 2: Summary of Significant Accounting Policies**

Governmental fund types account for the majority of the City's federal grant activity. Expenditures reported in the schedule of expenditures of federal awards are recognized on a modified basis of accounting. Subrecipient expenditures are recorded on a cash basis. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or limited as to reimbursement. Non-cash expenditures are included in the schedule.

**NOTE 3: Indirect Cost Rate**

The City has not elected to use the 10% de minimis cost rate.

**NOTE 4: Subrecipients**

The City did not allocate any federal expenditures to subrecipients.

**CITY OF CAÑON CITY, COLORADO**  
**SCHEDULE FINDINGS AND QUESTIONED COSTS**  
Year Ended December 31, 2024

**SECTION I: SUMMARY OF AUDITOR'S RESULTS**

**Financial Statements**

Type of report the auditor issued on whether the financial statements audited were prepared in accordance with accounting principles generally accepted in the United States of America (GAAP): Unmodified

Internal control over financial reporting:

- Material weaknesses identified?  Yes  No
- Significant deficiencies identified?  Yes  None Reported

Noncompliance material to the financial statements noted?

Yes  No

**Federal Awards**

Internal control over major federal programs:

- Material weaknesses identified?  Yes  No
- Significant deficiencies identified?  Yes  None Reported

Type of auditor's report issued on compliance for major federal programs: Unmodified

Any audit findings disclosed that are required to be reported in accordance with 2 CFR 200.516(a)?

Yes  No

Identification of major federal programs:

<b>ALN Number</b>	<b>Name of Federal Cluster/Program</b>
21.027	Coronavirus State and Local Fiscal Recovery Funds
20.205	Highway Planning and Construction

Dollar threshold used to distinguish Between Type A and Type B programs: \$750,000

Auditee qualified as low-risk auditee?  Yes  No

**SECTION II: FINANCIAL STATEMENT FINDINGS**

None noted.

**SECTION III: FEDERAL AWARDS FINDINGS AND QUESTIONED COSTS**

No current year findings or questioned costs were reported.

**CITY OF CAÑON CITY, COLORADO**  
**SCHEDE OF PRIOR YEAR FINDINGS AND QUESTIONED COSTS**  
Year Ended December 31, 2024

**PRIOR YEAR FINANCIAL STATEMENT FINDINGS**

**2023-001: Material Weakness in Financial Reporting**

**Condition:** We have identified several material errors in the prior year financial statements. This includes revenue recognition of expenditure-driven grants at the year-end cut-off in compliance with Governmental Accounting Standards Board (GASB) Statement No. 33, *Accounting and Financial Reporting for Nonexchange Transactions*; estimation of liabilities for asset retirement obligations for the solid waste disposal facility as a required of GASB Statement No. 83, *Certain Asset Retirement Obligations*; and recording lease receivables and financed purchases to comply with GASB No. 87, *Leases*. The City incurred grant expenditures but did not recognize the corresponding revenue upon meeting eligibility in the proper period (prior year financial statements). In addition, the City did not estimate the asset retirement obligations related to solid waste disposal facility and did not record the lease receivable and certain financed purchase transactions that were required to be reported at December 31, 2022, to comply with the required implementation of GASB 83, *Asset Retirement Obligations*, and GASB No. 87, *Leases*.

**Status:** Corrective action was taken, and the prior audit finding has been resolved as of December 31, 2024.

**2023-002: Material Audit Adjusting Journal Entries and Restatement in the Financial Statements**

**Condition:** Based on our walkthrough of the Treasurer's collections and disbursement processes, the Treasurer's Office does not currently have adequate segregation of duties over the collection of receipts from customers. In addition, the Treasurer's Office performed bank reconciliations without a secondary review.

**Status:** Corrective action was taken, and the prior audit finding has been resolved as of December 31, 2024.

## **STATE COMPLIANCE**

The public report burden for this information collection is estimated to average 380 hours annually.
