Lisa reported meeting Friday afternoons; reached out to CC GIS for maps; also discussed Chandler Houses that were moved to this area in the 1940's; doing background research for historical context; including residential and industrial historical buildings.
 - ii. Education & Outreach Subcommittee
Jim reported that this group has been unable to meet due to schedules but some information has been drafted and ready to share with the subcommittee when they meet next

6. Discussion: Review of Certificate of Alteration Application Form

A. Application Form Draft: In regard to non-contributing downtown district buildings, Lisa emailed the Colorado Historical Preservation Office to understand if this affected the CLG, and the response was no, as long as Federal guidelines were followed. Lisa mentioned that this group could approve the application as is, and later amend it to include this if necessary. Lisa said she would look up the number of non-contributing downtown buildings. Chris mentioned that he would like to see the addition of non-contributing buildings into the discussion as soon as possible. Cindy asked to remove the word "property" from page 1, last paragraph.

B. Application Fee Lisa stated that this amount would include the cost for advertising for public meetings. \$60 was discussed.

Jim discussed the need to get the City on board to start the review process for these applications, for CCHPC and Canon City to be collaborative. This group doesn't want to see any delays for the review process.

Chris suggested that CCHPC be included early in any plans for construction within historical areas. Lisa will talk to the head of the CC building dept. In order to begin the collaborative efforts between the 2 groups.
