62	Looking at the master plan images w/ this, it is a small space, but one that a public restroom would be a great amenity if worked into whichever use is selected. It is a bit small for play structures, and when (not if!) there is better pedestrian access across Hwy 50, there is more area around Veteran's Park & existing swings there that would be better for that activity. Access across 50 would also allow use of Centennial Park, so much less need for play structures right along Main St. A water feature could be a nice addition as well, but I was limited to 5 after selecting other.	2/24/2023 10:19 AM

54	There are not many places on that side of downtown that draw people in, more or less it's the end of the line for Mainstreet at 3rd, we should consider putting Parker meters in and that revenue will help keep Main Street clean and police presence. Before any further development we really need to take a hard look at how parking will be affected as a Main Street resident and business owner we have many overlooked areas down here, cleaning up the meth homeless encampments around 4th and Macon is much needed as well. Same with the bump outs on	3/5/2023 3:18 PM

# Clock Tower Plaza Community Survey 1

Main, it's only a matter of time before someone gets badly injured or blind sighted because the bushes are not maintained properly letting the foliage grow too high so making turns onto Main Street is dangerous for drivers and pedestrians . Let's make downtown a happy clean family friendly place for our community. I feel the bars downtown are here for good but it wouldn't hurt to clean up the day drinking crowd that likes to yell profanities and obscenities while next door people are trying to enjoy dining outside while the neighboring bars let everyone smoke and drink and yell . Canon should implement a sound ordinance not only for all community members but the bars as well, we have children living on mainstreet who are being desperately affected by bar patrons and music until 1/2am during school nights. Bars should be able to enjoy their time but not at the expense of the hardworking people who also live downtown with their families. Cut the outside speakers , move them indoors and implement a sound ordinance that cuts the loud music by 10pm on weekdays. 11pm on Fri/sat. It would be greatly appreciated.

59	The space is useful for parking. If you take away the parking and try to draw more people in it will cause problems. It's also a much smaller space than is already available for many of these uses. I don't think it will be well utilized in many of these applications that already have a larger space available to them with much better parking.	3/5/2023 1:15 PM

Permeable pavers so you don't have to incorporate a rain garden for water quality treatment. Alternatively, use pavers to draw out the Arkansas River from the headwaters to Pueblo. Alternatively, just use the pavers to draw out the 3 Rocks rapid, or just use the 3 Rocks Eng logo to simplify ;p Keep up the great work Livable Cities!	3/1/2023 6:44 AM

385	I wish you'd stop spending money on making downtown "look good." The bump outs make it impossible to see traffic. Driving downtown is stressful. Let's invest in affordable housing so homeless people aren't forced to "camp" in the open. Stop wasting time putting lipstick on a pig.	2/24/2023 10:27 AM

390	1st off, thank you for seriously considering repurposing this space & the connectivity to the river/riverwalk area as a whole. And thank you for the opportunity for public input. Like most things here, this will be a challenge w/ all the naysayers & negative feedback you're sure to receive. Please give that it's due consideration, but the volume of a few 'frequent flyers' should hopefully not drown out all the other voices & opinions. The City has done better w/ that, but it's always worth repeating. I've heard there is discussion of creating parking at the New Method Laundry location once the building is razed (please seriously consider access through the alley and not across the sidewalk if that is to occur!) If that were to happen, as well as potential for parking at the former Constantino's property, that would allow for more off-site parking that is not too far from the downtown/river corridor. Perhaps public restrooms could be incorporated at the New Method Laundry site rather than at the clock tower?? There is also parcel R028507 that appears to be City-owned & could be spill-over parking for downtown, unless there are other plans for that parcel. Veterans Park is much more suited for a better permanent stage setting and perhaps additional play structures. The Clock Tower Plaza may be better suited for the everyday space for locals/tourists/visitors to take a break from summer heat, enjoy their You Scream ice cream, Bean Peddler drinks, anything to get visitors to kick back and spend some more time locally. Lastly, please don't overlook the opportunity to use tilde in a name somewhere. Like our albino deer we named that a few years back during the Small Business Revolution contest, that little squiggle is unique to Cañon City. Tilde Square, Tilde Plaza, etc. Embrace it, grab it & run with it, incorporate it into local artwork, celebrate it! The opportunity to brainstorm and throw spaghetti at the wall is fun & hopefully something sticks & some of this is helpful. The City is going in the right direction & you are all doing a great job. Thank you!	2/24/2023 10:19 AM
391	I like the idea of downtown being more of a pedestrian area. There need to be additional attractions (unique shops, etc.) in downtown to attract people. I don't think this one area will be enough on its own.	2/24/2023 10:14 AM

407	I believe that we need to preserve but complement the clock history of the clock tower. Maybe some plaques that tell the history of it. I visited Galveston Texas and they had local artists design custom benches for the beach walk ways. I thought they were cool. The benches had facts about the designs such as sea turtles and coral and reef life and those benches represented with art what those facts were.	2/24/2023 9:48 AM

412	Not doing it. The community does not want to pay for it. The buildings on main Street are not occupied in a lot of cases. We have plenty of parks. We don't need this. We need the roads fixed. How about doing things for the citizens not the tourists. City government is a joke in this town. I have been here my whole life and have witnessed the decline of the community services as well as deterioration throughout the town. Seriously too bad.	2/24/2023 9:41 AM
