3	Plan #2 lacks a public restroom but the other 2 do. We need a public restroom for all of these plans. Otherwise, #2 is my preference.	5/14/2023 10:02 PM
4	Not really.	5/14/2023 8:44 PM
5	It would be best if 1 and 3 were combined using 1's stage and lighting on the northwest and southeast sides. I think the open space in concept 3 is the strongest as having a water structure in the middle gives it the best appearance of the 3 concepts. Combined with seating makes for a strong open area.	5/14/2023 7:35 PM

Small play structure for children or aspects of decor designed for play (stones/ rocks that can be climbed like the large climbing area in Salida or BV. This would protect a vendor's equipment, such as a DJ, from the weather. Blocking off the street in that block for a dance would be super fun!	5/12/2023 4:54 PM

72	Honestly no, the plans looked great especially the natural materials on the last plan and how it kinda gives off a more Canon City vibe yk? It would also give it a home type of character besides getting a whole ahh tree from Denmark lmao. But over all I loved it!!!	5/10/2023 12:24 PM

82	Option 1 is the most versatile.	5/9/2023 7:55 PM
83	Public bathrooms should be a vending type. The city can utilize the money with upkeep. Also homeless cannot destroy or sleep in.	5/9/2023 7:45 PM
84	Too many colorful lights make it look like a circus. I love the white Christmas lights on main we should eliminate the crazy colors and focus on varying colors of white light accents. Makes it look contemporary and also traditional at the same time.	5/9/2023 7:28 PM

91	Public restrooms draw the homeless and that would be fine if they didn't make such a mess.	5/9/2023 1:49 PM
92	This is a good idea, however, Where do people park for this project? If concerts that could attract nearly 50 or more people to this area, you will be effectively eliminating all the parking for the nearby businesses. Who will be paid to monitor events and policing of this new spot? This will attract homeless to gather and squat on. I feel like a lot of time was spent on aesthetic design and not logistics.	5/9/2023 1:00 PM
93	No	5/9/2023 12:41 PM
94	I dislike everything in option 2 for one reason. No public restroom. That should be a requirement no matter what you do.	5/9/2023 11:37 AM
95	Consider incorporating trees among the tables for natural shade	5/9/2023 11:28 AM
96	Trash receptacles, ability to close it off at night to keep homeless from making camp right on Main St	5/9/2023 11:05 AM
97	Parking will most likely be an issue. Also a wide open lawn space is nice, but can become a haven for the homeless if the space is not secured at night	5/9/2023 10:24 AM
98	I would love to see the surrounding areas encouraged and assisted in cleaning up and brightening the surrounding businesses to help attract more people that direction. That with the addition of the clock tower improvements I feel would help Main Street continue to grow!	5/9/2023 10:05 AM
99	#2 has no bathrooms...rather important if you're having events there.	5/9/2023 9:54 AM
100	Parking!!!! Where are people supposed to park? During blossom people already have to park throughout the neighborhoods. Personally I love the idea of this but it should just be turned into a better free parking lot. Or you guys at least have to figure out a lot that's close by for parking. Especially don't expect people to park by the train depot because that hill up to main can be gnarly for people who need better accessibility.	5/9/2023 9:44 AM
101	PARKING!!!	5/9/2023 9:22 AM
102	Love it all!	5/9/2023 9:22 AM
103	No none	5/9/2023 9:18 AM
104	Keeping the space for parking for other businesses. The city does not have enough parking. All of this looks delightful but when you put it in there will be even less downtown parking. It will be more congested down there in the summer. Every time you guys make a bumper or Street usage like by the library/art center, it takes away parking. It's ass backwards to continue to take up space downtown and expect people to go down there to enjoy when there's no where left to park.	5/9/2023 8:55 AM
105	Trash and recycling receptacles, dog poop bags, dog water station, bike rack, local art - statue, mural, option for doing a community movie night - screen for projecting a movie	5/9/2023 8:34 AM
106	No more bump outs. Drivers need to be able to see Main St traffic both ways.	5/9/2023 7:55 AM
107	All the homeless it will attract	5/8/2023 9:58 PM
108	Parking. We really could use more parking. What about a parking garage. Is the space too small?	5/8/2023 9:45 PM
109	Each needs tourist friendly large restrooms and ample parking.	5/8/2023 9:27 PM
110	You should put a place where young kids can play.	5/8/2023 9:16 PM
111	A restroom in concept 2. I like bits of all the ideas. Good job!	5/8/2023 8:45 PM
112	We need the parking. Don't change anything.	5/8/2023 8:42 PM
113	Porter potties for events. No permanent restrooms aka homeless shelters.	5/8/2023 7:16 PM

117	What will be done about the homeless overtaking the new features	5/8/2023 5:13 PM
118	Informational plaque about history of clock tower and its journey to where it is now.	5/8/2023 5:12 PM
119	I just want to know how the city is going to keep this a area that can be used by the public and not have the homeless bathing in the bathroom and sleeping where we want to enjoy a lunch with family or a event.	5/8/2023 4:54 PM
120	Grammar check on question 4. 😊 I feel like it should match the elements already present in our beautiful downtown. I'm excited to see where it lands!	5/8/2023 4:42 PM
121	Robert Henderson cared for the clock for years. He kept the clock going before anyone cared and it would be nice to have a plaque thanking him.	5/8/2023 4:11 PM
122	Tell us how it will be maintained and not overrun with homeless.	5/8/2023 4:10 PM
123	BAND STAND! This concept is perfect as there isn't much grass downtown, but would allow for events/gatherings.	5/8/2023 4:01 PM
124	Parking!!! You keep making parks so the homeless to trash and you keep taking away what parking there is available. To me that alone makes wanting to shop, or dine, downtown very uninviting especially for handicapped people!!	5/8/2023 3:50 PM
125	No idea where people will park.	5/8/2023 2:57 PM
126	I don't think anything is missing. Concept 3 is my favorite.	5/8/2023 2:52 PM
127	Parking!!!!!!	5/8/2023 2:42 PM
128	Parking along 3rd st.	5/8/2023 2:35 PM
129	Parking! The idiotic bump-outs gave taken away parking spaces.	5/8/2023 1:52 PM
130	Option 1 did not have wheel chair accessible entrance	5/8/2023 1:44 PM
131	No restrooms in concept 2?	5/8/2023 1:33 PM
132	The cooling water feature is awesome, but more of a nod to the Arkansas River would be nice to see.	5/8/2023 1:20 PM
133	I have a vision impairment so stairs/steps are usually a challenge for me (no depth perception), as are low light and poor contrast between different objects. My only other concerns, like other folks, would be if this could disrupt anything for existing businesses in the area, and yes, would the homeless overrun it and/or trash the restroom. It seems like a nice idea for the most part! Thanks!	5/8/2023 1:19 PM
134	Drinking fountain	5/8/2023 1:19 PM
135	Public restrooms... either ditch them or keep them locked when no events... keep in mind the restrooms near the RGRR station. Also... realizing this is a public space... but don't want it to turn into another flop for druggies and vagrants. It is a great idea but we seem to be having challenges in this area.	5/8/2023 1:04 PM
136	No	5/8/2023 12:56 PM
137	Resident friendly	5/8/2023 12:48 PM
138	No. But, please don't put public bathrooms-- they are a magnet for the homeless population.	5/8/2023 12:40 PM
139	How are you going to keep the homeless from taking over this place? With the shaded structure, public bathrooms and everything, we definitely need to be thinking of how this stuff could be a problem? Maybe add something that kids could do, art wall? Where they can draw while adults do their adult things.	5/8/2023 12:17 PM
140	Perhaps more shaded options and optional misters for hot days instead of or in addition to a water feature.	5/8/2023 12:10 PM
141	Deal with incoming homeless gathering/lodging there.	5/8/2023 12:07 PM

144	Keep it a parking lot with restrooms. Not enough parking in downtown. If people would like to go to a park go to Veterans across the street.	5/4/2023 11:10 AM

146	Reatrooms that are OPEN yearound	5/2/2023 9:40 AM
147	Don't let the homeless take over the tower area like they have at the library and vet's park.	5/2/2023 6:12 AM
148	yes - there are not 3 distinct concepts - this is exactly the same use of the space just organized differently. What down town really needs is PARKING SPACE	5/1/2023 4:57 PM
149	One of the concepts didn't have restrooms - those are VITAL in any design	5/1/2023 12:48 PM
150	Please consider what the homeless population will be able to destroy like they have in other parks and areas around town. I prefer not to have more of my taxpayer money go towards something that will be ruined or used by people who wish to destroy something that is supposed to be a benefit to our town.	5/1/2023 8:38 AM
151	Keep it a parking lot. It is very convenient and much used as is	5/1/2023 7:03 AM
152	Scrapping the entire project. We do NOT need this. There are plenty of other actual needs in the community to waste money on something as stupid as this project	4/30/2023 7:54 PM

157	Maybe adding a few lawn chairs/ outdoor games to the synthetic turf	4/29/2023 9:00 AM
158	This question doesn't make since Where is the money for any of this coming from. There are a lot more necessary things that need done. Money spent on Rouse park which is nice but still more important things Roads homeless etc	4/29/2023 8:56 AM
159	Be the example for restricting water usage and going natural. Use xeriscaping. As with most public restrooms, open dawn to dusk only and budget daily cleaning. Address how to fund maintenance and how to protect the space from birds, vandals and squatters.	4/29/2023 8:55 AM
160	Parking is what we need. Not something for the homeless to trash	4/29/2023 7:08 AM
161	Leave it for parking unless we are going to do something about the homeless in our town. I feel they will take it over and the rest of the community won't be comfortable using it.	4/29/2023 1:29 AM
162	How to minimize vandalism to permanent structures and deter homeless "camping". Do NOT provide permanent public restrooms! For events, just position several porta-potty/hand washing stations in the streets leading to the plaza that can also serve as a traffic blockades. Artificial turf and gravel will help deter skateboarders and bicyclists from gathering and destroying things. Can't ever have enough SHADE! Water features are great for creating a more calm and peaceful environment (negative ions discharge positive charged ions). Trash and Recycling stations needed.	4/29/2023 1:15 AM
163	It's not a huge space. I feel like all of the concepts are trying to bring too much and closing in the area. I really like that the city is trying to bring leisure and community togetherness at the east end of downtown!!	4/28/2023 9:59 PM
164	Parking	4/28/2023 9:31 PM
165	Community planting areas, not city planted	4/28/2023 8:12 PM
166	I think you've done an excellent job with all you've considered currently. I cannot think of anything else to include.	4/28/2023 7:46 PM
167	I think the money can be spent on more important things. We have a crime problem. Businesses are being vandalized with no repercussions to the person. Are streets are full of potholes. We already have parks and open spaces in the immediate area. If anything level the surface and make parking lot.	4/28/2023 7:41 PM
168	parking plan....	4/28/2023 7:32 PM

169	Parking spaces	4/28/2023 7:31 PM
170	We need to consider that the homeless will move in and make it non-accessible to the other people.	4/28/2023 6:59 PM
171	Close 3rd street and use it as part of the plaza with a connecting walkway to the park.	4/28/2023 6:31 PM
172	No	4/28/2023 6:11 PM
173	Just how to keep bathrooms clean and sanitary. I wouldn't even care if they were there. Public bathrooms like that are notoriously terrible	4/28/2023 5:43 PM
174	No	4/28/2023 5:22 PM
175	Don't waste water on a water feature when we have the splash pad.	4/28/2023 5:21 PM
176	I think these are all good ideas to include flexible options, seating, and natural scapes. I dislike the grass/turf area; seems like a blast from the 80s/90s eras.	4/28/2023 2:43 PM
177	Please plant native trees, not stinky Bradford pears and use mulch to keep the soil moist and not rocks which will heat the roots and kill the trees, water wise and drought tolerant native plants. Also consider the position of the sun for evening performances.	4/28/2023 1:52 PM
178	Where is the handicap parking?	4/28/2023 12:33 PM
179	All plans should have restrooms	4/28/2023 11:50 AM
180	All the options should have a public restroom. Having a water feature in a desert is a poor use of our public water supply.	4/28/2023 11:48 AM
181	How will The city keep homeless people from Populating this space? You can't keep them out of veteran's park, duck park or off the main roads, they bring drugs and danger to the area! I'm on Main Street every morning and a number of homeless walk up and down the street, once you make The area nice and inviting and add bathrooms what keeps it from becoming a place for Them to gather? Will the bathrooms be locked? Until you can get a handle on that, don't waste money to create a space nobody can use besides them.	4/28/2023 11:05 AM
182	Not sure that anything is missing but would stress making sure everything is assessable	4/28/2023 10:58 AM
183	Restroom in all 3 options. Attractive lighting in all 3. Water feature in all 3. Shade structures in all 3.	4/28/2023 10:40 AM
184	A concept combining the gazebo from concept 1 with the astroturf lawn element. All concepts going forward should also have the public restrooms like the concept picture in option 1.	4/28/2023 10:30 AM
185	More parking	4/28/2023 9:39 AM
186	Making sure there is enough trash cans for increase in traffic. Also a drinking fountain!	4/27/2023 9:02 PM
