Letter from Ira Lucas to Sarah Sherburne

Tells of his job at the hospital and is sorry to hear of Charles being wounded and captured.

Cavalry Corps. Hospital
City Point Virginia
Mon. Feb. 6th. 1865.

My dear Friend Sarah;

This P.M. I received you letter which was mailed the 2ond. I am glad to hear from you but very sorry to learn that you have been sick.

I thought that perhaps you had not received my letter or that your's had been misscarried was the reason that I didn't hear from you.

I have often thought of writing to you again but something has hindered me every time. but as I have a little leisure this evening I will attempt to answer you letter so as to be in season

{p2}

for we expect another lot of sick and wounded from the front in a day or two and then I shall be more busy than ever.

Our Cavalry and some of our infantry have gone out on an expedition south or south west of Petersburg.

We have heard distant cannonading this P.M. toard the south west, and I suppose that our men have gone down that way to destroy the R.R. communication with Richmond

I have been very busy for a few weeks past. We have mooved the Dispensary from tents to a new stockade building and it is said that it is the nicest Dispensary in this army.

I am now acting as Hospital Steward. I now have to go threw eight wards with one of the Drs and write his prescriptions and

{p3}

afterword I put them up and I have to write the patience names in the Dr's Prescriipton Book and also the prescription. besides this I frequently have to put up medicine for persons who come in from time to time

I had heard that Charley was wounded severely in the head but nothing further. I didn't know that he was a prisoner. This is indeed sad news to me and I don't blame you for not feeling like writing.

I am sorry to hear that you Father is so poorly this winter.

I rejoice to know that we ever have a kind and sympathising Friend in our Savior who knows all our sorrows and misfortunes and is ever ready to help us to

{p4}

bear them. I rejoice with you that your sister has found the Savior and I hope that all you brothers may also. I am glad that Charley is a Christian and hope that he is well and that he may soon be released either by paroll or exchange.

I didn't know that Mr. Wests people had heard from Carlos. I am glad that they have heard at last for it must be very trying not to know where ones friends are for so long a time.

I see that it is geting late and I must close so I bid you good night and this I accompany with a sincre prayer that Peace may soon down upon our distracted Country and that loving ones may meet again and enjoy the blessings and privilages of a free Country.

You Affectionate "etcitera"

I. Lucas
